

OFFICE OF THE URBAN IMPROVEMENT TRUST SRI GANGANAGAR.

Mini-Project Reports

Name of work :- Construction of service road from Shiv Circle to Govt. Hospital along with NH-62'west side.

- (A) **Introduction:** The work is to be done in UIT Sri Ganga nagar area. The proposed work is lying along with the NH-62 to facilitate easy running of light motor vehicles and pedalist. It is easy to inhabitants for shopping at shops situated along with roads. After const. of proposed work the density of vehicle and misshappenings may be reduced at already const. carriage way of NH-62. so it is very usefull for locality.
- (B) **Working agency/ Department name.** Urban Improvement Trust Sri Ganganagar.
- (C) **Abstract :-** The Cost of work as per Estimating Rs. ~~80,0000/-~~ and as per tender sanctioned amount Rs. 6663340/-
- (D) **Materials and Methods:-** While proposing the work the service road width proposed as 6-00 mtr wide but at the time of execution of work all the competent authority decided that the width will be 7.00 Mtrs. It is easy to smooth run of two lane and passing away the vehicles. The detail of material and methods the estimate is attached with this.
- (E) **Total length:-** The total area of proposed road 6300 Sqm.
