Sub: Reply of Queries regarding Alternate Routes

Madam,

This is to bring your kind notice that before finalization of proposed Site for installation of Tower at Hanumanjhora area (Kandong Compartment) under Kurseong Forest Division Vide Proposal No FP/WB/Others/32874/2018 three more sites were recced as mentioned below, but all alternate sites found not to be suitable due to the cause mentioned as mentioned:

The lands which were recced for alternate site no 1 & 2 are located at the edge of the slope towards Tista River and covered with tall vegetation near existing hanuman Mandir. These two locations of alternate site no 1 & 2 are vulnerable for land slides and may be get damaged due to land slips any time. Thus both the locations are not considered for Construction of Tower.

For Alternate Site No 3 the location which were recced is a small blank patch of surrounded by Tall natural vegetation and not feasible for Construction of Tower on Technical Ground. Moreover this blank patch is being used by the local peoples for their day to day activities. Thus this location is not also considered for installation of Tower.
