

**RECOMMENDATION NOT BELOW THE RANK OF DCF**

**(For the Forest land to be diverted under FCA)**

**Name of Project: : DIVERSION OF 10.4162 HA. OF FOREST LAND IN FAVOUR OF RDSA MINING LLP FOR OPENCAST MARBLE MINING IN REVENUE VILLAGE - KELAMELA, TEHSIL - PIPALKHUNT, DIST - PRATAPGARH (RAJ.)**

**Specific recommendation for acceptance or otherwise of the proposal.**

Site is having regular vegetation of this area. Towards north almost one third area is completely devoid of any vegetation. Proposed mining site has no sign of any specific endangered flora and fauna species. Pratapgarh is least developed district of India. Economic activities in the form of mining can potentially bring some regular employment opportunities in this region. So keeping Govt. as well as public interest in mind, said project is recommended by me strictly binding with forest conservation act 1980, its subsequent rules and other statutory obligations.

**I recommend for acceptance of the proposal in Govt. and public interest.**

**Proposal No. : FP/RJ/MIN/142600/2021**

**Recommended Area: 10.4162 Hectare.**

**Place: Pratapgarh**

**Date: 16/6/22**
