JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST LAND

Construction of Power house, Weir & Canal of Small Hydro Electric Power Project is proposed in revenue forest land Kh. No. 1355/1k/1, 1375/1k/1, 1379/1k, area 4.69 Hect. & Forest Land Compartment No. PF 385 Area 2 Hect. At Village Damas, Tehsil Dharamjaygarh, Distt. Raigarh. It is like a linear project in which canal length is about 2kms, during the Survey all the efforts had been made to reduce the forest land. Hence this land is found most suitable to meet our requirement, no other than above land is found suitable by our survey team.

DETAILS OF ALTERNATIVE LAND

This region is covered with the dense RF & PF forest including huge numbers of trees, and this land also included habitation of tribal peoples. The length of the canal is also fall around 3kms in this area mountain also comes during the survey of this route. Hence not found suitable due to thick forest & heavy undulated area.

Thanking you.

For Malka Renewable Energy Private Limited
