Technical Report

Name of Work:-

Construction of road from Bawa to Mangit in Tehsil
Khari District Ramban (Phase-I) under DDC Grants

Authority:-

Distt. Dev. Council Khari Vide Letter No.

PROJECT PROFILE :- The proposed road shall take off from Nachilana Mohumangit road in km 16th RD 1000 for a total length of 4.00 km out of which 1.50 km passes through forest land rest of state land and private land falls in Banihal Constituency District Ramban, out of total length of 4.00 km, it has been proposed to construct 1.50 km length in Phase-I in which 400-500 mtr of forest land is involved. A large populated area comprising of about 9000 Souls shall be benefitted by the construction of this road. The villages shall be benefitted by construction of this road are Bawa, Mangit, Nagandar etc. The economic activity of the people is mostly restricted to Agricultural and cattle rearing.

The proposed road will promote economic, Industrial, Social & cultural development of the area. It will help in raising living standards of the people, advancement of the community, improvement in medical, educational, post & telegraph & recreational facility. Employment potential in the area will be generated to a large extent. The road will also meet the strategic needs of the defence & Security forces. With the opening of this area to communications, the land value will go up. The living condition of the people shall change drastically and backward class and poor down trodden people will get tremendous uplift. Besides above, the fatigue and discomfort during travel will also get considerably reduced.

PROPOSAL & SPECIFICATION :- It has been proposed to upgrade road having a length of 1.50km in a width of 6.00 Mtr. The following chief specifications shall be adopted for the construction of the road upto fair weather status.

(a) EARTH WORK:- Widening of narrow stretches/blind curves/improvement of geometry by way of earth work cutting. The surplus excavated soil shall be disposed off from the road limits and dressed properly to slopes.

TIME & COST :- The estimated cost of the scheme is **Rs. 31.14 Lacs** and shall be completed within a period of 03 Year subject to availability of funds and key constructional materials.
