**SITE SUITABILITY CERTIFICATE FOR COMPENSATORY  
AFFORESTATION**

Degraded forest area has been identified in Pulikoradu Reserved Forest of Tambaram Range for planting 100 Taller seedlings in lieu of the proposed diversion of 0.024Ha. of Forest Land in Pulikoradu Reserve Forest for laying underground Optical Fiber Cable (OFC) along road side from Tambaram to Thiruneermalai across Pulikoradu Reserve Forest. The degraded area in Pulikoradu Reserve Forest have been selected for Compensatory Afforestation. Hence, it is certified that the selected degraded area is fit for raising Compensatory Afforestation.
