No. 4954

Date 13/6/16

To

M/s Navjeet Farms,  
Una Road,  
District Hoshiarpur.

Subject: Application for consent to operate under the Water (Prevention & Control of Pollution) Act, 1974 as amended in 1988.

A copy of consent no. O16HSPCTOW4131802 dated 11-08-2016 upto 30-09-2020 under the Water (Prevention & Control of Pollution) Act, 1974 as amended in 1988 and generated from computer is enclosed herewith.

DA. As above.

Endst. No.:-

For Sr. Environmental Engineer  
Date:-

A copy of the above is forwarded to the Environmental Engineer, Punjab Pollution Control Board, Regional Office, Hoshiarpur for information.

For Sr. Environmental Engineer

## B. GENERAL CONDITIONS

1. This consent is not valid for getting power load from the P.S.E.B or for getting loan from the financial institutions.
2. The project proponent shall apply for renewal / extension of validity of consent at-least two months before expiry of the consent.
3. The project proponent shall ensure that at any time the emission do not exceed the emissions standards laid down by the Board from time to time for such discharge.
4. The project proponent shall discharge all gases through a stack of minimum height as specified in the following standards laid down by the Board.

a)  $H = 14 Q_g^{0.3}$  or  $H = 74 (QP)^{0.24}$

Where  $Q_g$  = Quantity of  $SO_2$  in kg/ hr

$QP$  = Quantity of particulate matter in tonne/day

Note: Minimum Stack height in all cases shall be 9.0 mtr. or as calculated from relevant formula whichever is more.

b) Stack height for diesel generating sets:

Capacity of diesel Generating set	Height of the Stack
0-50 KVA	Height of the building + 1.5 mt.
50-100 KVA	-do- + 2.0 mt.
100-150 KVA	-do- + 2.5 mt.
150-200 KVA	-do- + 3.0 mt.
200-250 KVA	-do- + 3.5 mt.
250-300 KVA	-do- + 3.5 mt.

For higher KVA rating stack height  $H$  (in meter) shall be worked out according to the formula:

a)  $H = h + 0.2 (KVA)^{0.5}$

where  $h$  = height of the building in meters where the generator set is installed.

5. The project proponent shall not consume any fuel except authorized / consented without the prior written permission of the Board.
6. The project proponent shall comply with any other conditions laid down or directions issued in due course by the Board under the provisions of the Air (Prevention & Control of Pollution) Act, 1981.
7. The project proponent shall keep the height of exhaust pipes with ventilation equipments etc. at least 3 meters above the roof level.
8. The project proponent shall plant trees of three suitable varieties all along the boundary of the premises.
9. Nothing in this consent shall be deemed to neither preclude the institution of any legal action nor relieve the applicant from any responsibilities, liabilities or penalties to which the applicant is or may be subjected to under this or any other Act.
10. Any amendments/revisions made by the Board in the emission/stack height standards shall be applicable to the project proponent from the date of such amendments/revisions.
11. The project proponent shall dispose off its solid wastes generated in a proper manner and to the satisfaction of the Board to avoid public nuisance and air pollution problem.
12. The existing control equipment shall be altered or replaced in accordance with the direction of the Board, and no control equipment or chimney shall be altered or as the case may be erected or re-erected except with the previous

**Subject:-** Grant of consent to Operate an outlet u/s 25/26 of Water(Prevention & Control of Pollution)Act, 1974 for discharge of effluent.

With reference to your application for consent to operate an outlet for discharge of the effluent u/s 25/26 of Water(Prevention & Control of Pollution)Act, 1974, you are, hereby, authorized by the Board to discharge the effluent(s) arising out of your premises at Una road subject to the following conditions:

**A. Particulars of the Industry**

Name of the Applicant	Navjeet farms			
Address of industrial premises	Una road			
Capital investment of the industry	30.8 lakhs			
Scale of the industry	Small			
Office District	Hoshiarpur			
Consent Fee Details				
Bank Name	Branch Name	Draft No./Money Receipt No.	Date	Rupees
Canara Bank	HOSHIARPUR	912855	22/05/2016	27000.0
Raw Materials.name with quantity per day	NOT APPLICABLE (MARRIAGE PALACE) @ Metric Tonnes/Day			
Products with quantity per day				

- 5 Any amendments/revisions made by the Board in the tolerance limits for discharges shall be applicable to the project proponent from the date of such amendments/revisions.
- 6 The authorized outlet and mode of disposal shall not be changed without the prior written permission of the Board.
- 7 The project proponent shall not use any unauthorized out-let(s) for discharging effluents from its premises. All unauthorized outlets shall be connected to the authorized outlet within one month from the date of issue of this consent.
- 8 The project proponent shall not change or alter the manufacturing process (es) so as to change the quality and/or quantity of the effluents generated without the written permission of the Board.
- 9 Any upset conditions in the plant/plants of the unit, which is likely to result in increased effluent and/or result in violation of the standards laid down by the Board shall be reported to the Environmental Engineer, Punjab Pollution Control Board, Regional Office through fax under intimation to the Board failing which any stoppage and upset conditions that come to the notice of the Board/its officers, will be deemed to be intentional violation of the conditions of consent.
- 10 All under ground water retaining structures shall be lined with an impervious layer so as to avoid seepage and contamination of sub-soil/water.
- 11 The project proponent shall provide terminal manhole(s) at the end of each collection system and a manhole upstream of final outlet(s) out of the premises of the project proponent for measurement of flow and for taking samples.
- 12 The project proponent shall for the purpose of measuring and recording the quantity of water consumed and effluent discharged, affix meters of such standards and at such places as approved by the Environmental Engineer, Punjab Pollution Control Board, Regional Office.
- 13 The diversion or bye pass of any discharge from facilities utilized by the applicant to maintain compliance with the terms and conditions of this consent is prohibited except
  - (i) Where unavoidable to prevent loss of life or some property damage or
  - (ii) Where excessive storm drainage or run off would damage facilities necessary for compliance with terms and conditions of this consent. The applicant shall immediately notify the consent issuing authority in writing of each such diversion or bye-pass in accordance with the procedure specified above for.
- 14 The project proponent shall ensure that no water pollution problem is created in the area due discharge of effluents from its premises.
- 15 The project proponent shall make proper disposal of the effluent so as to ensure that no stagnation occurs inside and outside the premises during rainy season and no demand period.
- 16 The project proponent shall plant minimum three suitable varieties of trees all along the boundary of the premises.
- 17 The project proponent shall make necessary and adequate arrangements to hold back the effluent in case of failure of sewage treatment plant/re-circulation system.
- 18 The project proponent shall install separate energy meter with sewage treatment plant and will submit the monthly readings of the energy meter to the Board by the fifth of the following month.
- 19 The project proponent shall maintain the record with respect to operation of sewage treatment plant system along with records of chemicals and energy utilized for treatment and sludge generated from treatment of waste water on daily basis, so as to satisfy the Board regarding regular and proper operation of pollution control arrangements.
