No:RFO/ ppura/CA/ /2018-19

Date:08.06.2018.

To/

✓ The Deputy conservator of Forests
Mandya Division, Mandya.

Respected Sir,

Sub: Diversion of Forest land in Pandavapura range for construction of Ambekar Bhavan in Sy No. 10 of pandavapura Range.

Ref: 1.Your office letter No:C1/LAND/F.C/CR-9/2017-18 Date:21.04.2018.

With reference the above subject, I am hereby submitting the site inspection report for kind perusal.

The Area identified to an extent 1-00 Ha in sy.no145 of Doddabyadarahalli of Pandavapura is suitable for Compensatory Afforestation By the following Steps.

| | |
|---|--|
| 1 | The Area is poor deep soil and terrain slope. |
| 2 | The Area is covered with Eucalyptus Species ,These trees are to be enumerated and extracted and uprooted before planting. |
| 3 | A trench measuring 4*0.8*0.6 (Trench mound plantation) is to be takenup in this area rather it is difficult to sustain the ca plantation. |
| 4 | Species like Honne ,Kamara, Tapasi, Raktha chandana , seemaroba, Hale, Nelli, Honge, Bevu, Nerele, Arali, Ala, Atthi, Basari. to be planted in the above site. |
| 5 | Since the area is hilly and fireprone and it is hard to protect in summer season. A fire protection plan to be made for removal of grass in alternate patches and strips . |
| 6 | Soil and Moisture works to be takenup in ca area. |

Thanking you,

Yours Faithfully,

Range Forest Officer
Pandavapura Range
Pandavapura
