

Part – 1  
 Proposal for Investigation and Survey in the National Park / Sanctuary  
 (Details to be provided by the Applicant)

1.	Name of the Organization	Water Resources Department Government of Andhra Pradesh
2.	Aims and Objectives of the Proposed Project	To Provide irrigation facility to 4.473 lakh acres of ayacut and drinking water facility to 15.25 lakh people in 3 districts of Prakasam, Nellore and Kadapa.
3.	Location and Map (1:40000 scale) of the area duly authenticated by the competent authority to be investigated/Surveyed	Map enclosed in the proposal
4.	Whether investigation/Survey requires clearing of vegetation	No vegetation since this area is below full reservoir level (FRL) and is submerged under water
5.	If yes, please specify the extent (in Ha)	Not Applicable
6.	Opinion of the Officer in charge of the N.P/WLS (Attach signed copy)	
7.	Opinion of the Chief Wild life Warden (Attached signed copy), The following be included in the opinion.	
I	Brief history of the protected area	The proposed area is Srisailam beat of Nagarjuna sagar – Srisailam Project tiger reserve forest of Srisailam range Nandikotkur RF of Atamukur division.
II	Current status of the Wild life	
III	Current status of the pressures on protected area	
IV	Protected impacts of project on Wildlife, habitat management and access / use of resource by various stake holders	There will be no impact on wild life due to this project.
V	Contiguous wildlife areas which would benefit wildlife if added national park/sanctuary.	
VI	Other areas in the state which have been recommended by State Government, Wild life institute of India, BNHS, SACON, IISC, IUCN or other expert body for inclusion in protected area.

Part – II  
 Proposal for Investigation and Survey in the National Park / Sanctuary  
 (Details to be provided by the Applicant)

1.	Project Details	Pula Subbaiah Veligonda Project is one of the prioritized projects taken up by the Government of Andhra Pradesh which comprises storage of 43.5 TMC of water at Nallamala Sagar Reservoir by means of two tunnels regulated by construction of Head regulators at foreshore of Srisailam Reservoir in Kollam vagu to create an Irrigation potential (ayacut) of 4,47,300 acres and to provide drinking water facility to 15.25 lakh people in drought prone fluoride affected area in 30 mandals of Prakasam, Nellore and Kadapa Districts.
(i)	Copy of the Investigation and survey report. ( The report should include the dates of survey and the names of the investigators, surveyors and all officials of the concerned NP/WLS who remained present during the period	Enclosed
(ii)	Self contained and factual project report for which NP/WLS area required. (Enclose copy of the project Appraisal document)	The forest land is required for execution of above project. The particulars of land required in WLM is follows. 9.70 Ha of land for Construction of Head regulators for tunnels including construction of approach channel, stabilization of slopes, flank walls and working space under compartment No. 908 of srisailam Beat, Srisailam Range of Nandikotkur RF of Atmakur division in kurnool district.
(iii)	Map (Duly authenticated by the Divisional/District Head of the department dealing with Forests and Wild life) on a Scale of 1:40000 showing the boundaries of the NP/WLS. Delineating the area in question in red colour)	Authenticated maps of 9.70 Ha land for construction of Head regulators for tunnels including construction of approach channel, stabilization of banks, flank walls and working space under compartment No. 908 of srisailam Beat, Srisailam Range of Nandikotkur RF of Atmakur division in kurnool district are enclosed.
(iv)	Self contained and factual report of at least two alternatives considered by the project authorities along with technical and financial justification fore opting national park/sanctuary area.	Already 0.6 Ha of Forest land was diverted above FRL of Srisailam Reservoir for construction of Head Regulators. Hence, no other alternative is available at this stage. This proposal is meant for approaches to the Head regulator.
(v)	Copy of the Bio diversity Impact Assessment report in case the proposal involves diversion of more than 50 Ha NP/WLS Area	Not Applicable.

2.	Location of the Project/ Scheme	
(i)	State / Union Territory	AndhraPradesh
(ii)	District	Kurnool
(iii)	Name of the National Park / Sanctuary	Rajiv Gandhi Wild life Sanctuary (Nagarjuna sagar Srisailam Tiger Reserve )
3	Details of the area required ( in Hectares only)	9.70 Ha in submerged area of Srisailam reservoir i.e. below FRL at kollam vagu for approaches to Head Regulator and stabilization of banks
	(Provide breakup of the land use under the project e.g., construction of dam, submergence, housing for staff, road etc)	9.70 Ha in submerged area of Srisailam reservoir i.e. below FRL at kollam vagu for approaches to Head Regulator and stabilization of banks
4.	Details of displacement of People, if any due to the project.	Does not arise
(i)	Total number of families involved in displacement	-
(ii)	Number of Scheduled Caste/ Scheduled Tribe families involved in displacement	-
