	vi.	Density of vegetation	0.4																
	vii	Species wise (Scientific names) and diameter class wise enumeration of trees (to be enclosed)	Statement enclosed																
	viii	Brief note on vulnerability of the forest area to erosion	The Proposed Laying of pipe line and construction of other structures passing through RF but, there is no erosion is noticed.																
	ix.	Approximate distance of proposed site for diversion from boundary of the forest	The Proposed Laying of pipe line and construction of other structures passing through Reserve Forests																
	x	Whether form part of national park, Wild life sanctuary, bio sphere reserve, tiger reserve, elephant corridor, etc (if so, the details of the area and comments of the chief wild llife warden to be annexed)	No, the said proposed area for diversion does not form part of National Park, Wildlife Sanctuary, Biosphere Reserve, Tiger Reserve and Elephant Corridor, etc.,																
	xi	whether any rare / endangered / unique species of flora and fauna found in the area if so, detaials there of	No rare/ endangered/ unique species of flora and fauna are found in the forest area proposed for diversion.																
	xii	whether any protected archeological / heritage site / defence establishment or any other important monument is located in the area . If so the details thereof with NOC from competent authority ,if required.	There are no protected Archaeological/ Heritage site/ Defence Establishment or any other important monument in the forest area proposed for diversion.																

8	Whether the requirement of forest land as proposed by the user agency in Col 2 of part-1 is unavoidable and bares minimum for the project. If so recommended area item wise with details of alternatives examined.	The requirement of forest land as proposed by the user agency is 4.145 ha and field conditions this is the barest minimum and unavoidable for project.
9	Whether any work in violation of the act is carried out (yes/No).If yes details of the same including period of the work done , action taken on erring officials . Whether work in violation is still in progress.	No
10	Details of the compensatory afforestation scheme	
i	Details of non forest area/degraded forest area identified for compensatory afforestation, its distance from adjoining forest number of patches , size of each patch	The Forest proposed for diversion is less than 5.00 Ha in LWE District of Adilabad. The project involves felling of more than 50 trees per Ha.
ii	Map showing non forest/ degraded forest area identified from compensatory afforestation and adjoining forest boundaries	--
iii.	Detailed compensatory afforestation scheme including species to be planted implementing agency, time schedule, cost structure etc	--
iv.	Total financial out lay for compensatory afforestation scheme	--
v	Certificates from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view (to be signed by the Dy conservator of the forests)	--
11	Site inspection of the Dy Conservator of Forests ( to be enclosed) especially highlighting facts in Col 7 (xi, xii) 8 and 9 above	Field inspection report is enclosed.
12	Division / District Profile	
i	Geographical area of the Division	390341 ha

ii.	Forest area of the Division	149500 ha
iii.	Total Forest area diverted since 1980 with number of cases	125.07 Ha/ 4Nos
iv.	Total compensatory afforestation stipulated in the district / Division since 1980 on	217.38 Ha
	a) forest land including penal compensatory afforestation	164 Ha
	b) Non forest land	53.38 Ha
v	Progress of the compensatory afforestation	
	a) Forest land	164 Ha
	b) Non forest land	53.38 Ha
13	Specific recommendation of the DFO for acceptance or other wise of the proposal with reasons	The laying of pipe line for drinking water will solve the acute drinking water problems in the interior tribal villages in tribal areas in Adilabad District.

Date: 05/05/2016
