

UNDERTAKING FOR DIVERSION 74.598 ha OF ROAD SIDE PROTECTED FOREST ON PWD ROW (as per Rajasthan Gazette Notification of Forest department dated Oct 17 1987 and 9.65 ha of PROTECTED FOREST ON FOREST BLOCK FOR NON FORESTRY PURPOSE

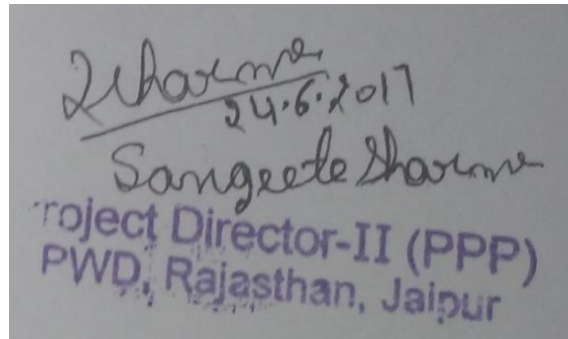

Proposal No FP/RJ/ROAD/21211/2016

Name of Work:-Diversion of forest land for "Development of Tarnau-Deedwana-Laxmangarh-Mukundgarh Highway, Section of SH-60, SH-20 , SH-83 ,SH-82a and SH-8 from Km 39.668 to km205.233 in the State of Rajasthan".

I have applied earlier for lesser forest area diversion. Considering the increase in traffic and for accommodating utilities we now require the available ROW of PWD, where in road side protected forest stands. I also confirm that this is the minimum area for forest diversion in the present traffic scenario.

Place: - Jaipur
