

Full Title of the Project:

C/o Link road Nehra PHC Kainchi to Nagadhar via Growth km. 0/000 to 3/146.

File No.

Date No.

Date of Proposal:-

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

1-24-47 hac. of forest land is required for the construction of PHC Kainchi Nehra to village Nagadhar via Growth road and 0-30-00 hac. for dumping. The total length of the road is 3.146 kms. which will pass through the forest land. This road is being constructed to provide motor link to village Nagadhar via Growth. The road will cater to the needs of population of about 252 and will give a boost to the local economy. For the construction of this road and dumping sites 1-54-47 hac. of forest land is required to be diverted. The survey work along with this proposed alignment was already completed.

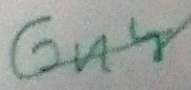

Since all the beneficiary villages are surrounded by forest land no other alignment is feasible to connect the village no if any other alignment is proposed it will require huge forest land.

Hence, there is no escape from using the forest land. This proposed alignment involved lesser no. of forest land, hence finalized for construction of road.
