CONVENTIONAL SYMBOLS

NOTES :-

Contours are approximate.
Heights are in metres and above Indian mean sea level.
A relative height, e.g., 30, represents the approximate height in metres, between the top and bottom of a steep slope.
Unmetalled roads in this sheet are generally motorable and cart-tracks available in dry season.
The major administrative portions of districts in Andhra Pradesh State are called "Mandals" and their boundaries are shown by blue boundary lines.
The railway line in squares D 1 and E 1 is owned and operated by Singareen Collieries for the benefit of coal.
The triangulated heights and contours in this sheet have not been adjusted to the heights of the spirit-levelled bench-marks and may not be strictly in accordance with them.
