Subject: Infrastructure of Jindal Power Limited raised over Gare Palma Sector I and Gare Palma Sector II coal mines.

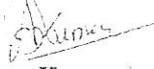

Sir,

I am directed to refer to your letter dated 14.01.2016 regarding exclusion of area occupied by Cross Country Pipe Conveyor (CCPC) of Jindal Power Limited (JPL) over Gare Palma Sector I and Gare Palma Sector II coal mines.

2. The matter has been examined and it has been observed that the CCPC of M/s. JPL is passing through the middle of the Gare Palma Sector-I coal mine. The Power Plant and Ash Dyke of your company has also covered significant area of the aforesaid coal mine which has been allotted to M/s Gujarat State Electricity Corporation Limited (GSECL). Further, a colony of JPL has covered some area of Gare Palma Sector II coal mine allotted to Maharashtra State Power Generation Company Limited (MSPGCL). It also appears from the key plan provided by M/s. JPL that Gare Palma IV/2 & 3 coal mines have already encroached the block area of Gare Palma Sector I and Gare Palma Sector II coal mines. The authority by which M/s. JPL has raised infrastructure on the land of Gare Palma Sector I and II coal mines, is not clear from the record available.

3. In view of the above, you are directed to furnish clarification/explanation whether your company is legally in possession/ ownership of the said land falling within Gare Palma Sector I & II coal mines.

Yours Faithfully,

(Ajay Kumar)
