

CALCULATION OF TEMPORARY EMPLOYMENT GENERATED

1. Temporary employment will be generated during the construction period of 12 months (365 days)
2. Based on the vehicles/equipment and various resources involved as per the scope of work.

Total man days for 12 months = 25000-man days

Or

In terms of Man employed/day = $\frac{25000}{365}$ = 68 Man/day

No:- 3975'

Dated:- 07-06-22,
