Details Note:-

A Proposal has been received by this office from Dy. Chief Engineer/Civil/GGN, National Capital Region Transport Corporation on dt. 04-03-2021 diversion (under FCA-1980) of **8.46 ha.** of forest land for non-forestry purpose. The project envisages the use of forest land for developing a corridor of Regional Rapid transport system(RRTS) & implementation of RRTS route from National Highway No.8(Now NH-48) km 68-69 L/Side, Km 76-77 L& R Side, km 95-96 L/Side and 92-97 R/Side, under forest Division and District, Rewari. Site inspection of the land involved in the proposal has been done by me on dated 06-04-2021.

SITE INSPECTION REPORT NOT BELOW THE RANK OF DCF

(For the Forest land to be diverted under FCA)

- 1 A Proposal has been received by this office from Dy. Chief Engineer/Civil/GGN, National Capital Region Transport Corporation on dt. 04-03-2021 diversion (under FCA-1980) of **8.46 ha.** of forest land for non-forestry purpose. The project envisages the use of forest land for developing a corridor of Regional Rapid transport system(RRTS) & implementation of RRTS route from National Highway No.8(Now NH-48) km 68-69 L/Side, Km 76-77 L& R Side, km 95-96 L/Side and 92-97 R/Side, under forest Division and District, Rewari. Site inspection of the land involved in the proposal has been done by me on dated 06-04-2021.
- 2 On inspection of the site, it is found that the land required by the user agency is a protected forest measuring **8.46 ha.**
- 3 The requirement of forest land as proposed by the user agency in Col. 2 Part -1 is unavoidable and is barest minimum required for the project.
- 4 Whether any rare/endangered/unique species of florea and fauna found in the area, if so the details thereof - None.
- 5 Whether any protected archeological/heritage site/defence establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if required. Permission obtain from competent authority. N.A
- 6 **(a) The user agency has not violated the provisions of Forest (Conservation) Act, 1980 and no work has been started without proper sanction.**
(b) It has been found that the user agency has violated the Indian Forest Act, 1927 against user agency.
A detailed report as per para 1.9 of Chapter 1, C of Handbook of Forest (Conservation) Act, 1980 is attached.

CHECK LIST SERIAL NUMBER: -18
"SCHEME FOR COMPENSATORY AFFORESTATION"

Name of the forest/reach to be diverted for developing a corridor of Regional Rapid transport system(RRTS) & implementation of RRTS route from National Highway No.8(Now NH-48) km 68-69 L/Side, Km 76-77 L& R Side, km 95-96 L/Side and 92-97 R/Side, under forest Division and District, Rewari.

Forest Area = **8.46 ha.**

Details of degraded forest land / non-forest land:-

Division : Rewari District Rewari Range: Rewari Tehsil : Rewari
Village: Kadhu. CA Site Name : Kadhu Aravalli Area (18512 Plants)
GPS: 28°13'10.87" N 76°29'35.25"E 28°13'4.91" N 76°29'23.00"E
28°12'45.88" N 76°29'7.63"E 28°12'41.62" N 76°29'6.90"E

Description of Area:-

- i. Whether the site selected for Compensatory Afforestation is a land bank or Not No
- ii. If the CA site is other than the land bank, reasons be given :- Plantation will be carried out in **Kadhu Aravalli Area**.
- iii. In case of non-forest area identified for CA, then what is the distance of CA site from the adjoining forest boundary:- CA will be carried out in **Kadhu Aravalli Area**.
- iv. Soil type :- Foot hill & Rocky with very little top Soil.
- v. Topography :-
A. Hilly/Undulating/Plain
B. Slope:-Gentle Slope

- Whether the area is bearing any root stock of vegetation :- Rootstock at some places is available; the area has degraded vegetation of Aravallis and bushes of Prosopis juliflora & dhok.

Plantation Model :-

Full Title of the Project: Diversion of 8.46 ha. of forest land in favour of Dy. Chief Engineer/Civil/ GGN, National Capital Region Transport Corporation for developing a corridor of Regional Rapid transport system(RRTS) and implementation of RRTS route from Sarai Kalan khan(New Delhi) to Shajhanpur-Neemrana-Behrор(SNB), under forest Division and District, Rewari.
File No. FP/HR/RAIL/120165/2021

Date of Proposal: 20-01-2021

5

Pits of 45cm x 45 cm x 45cm along with plants of 3 feet height of 20x30 cum size P. Bags will be planted during raining season. Saplings of Beri, Chamrod, Burna, Inderjo, Bar, Pipal, Neem, Pilkhan, Imli etc will be planted with scapement 3m x 3m in Strip manner.

a. Climate and edaphic conditions:

The climatic conditions are also most harsh in the Aravalli region and the annual average rainfall in the region is 400-500 mm only. The site conditions are extremely degraded with shallow depth of soil and prone to soil erosion. So, to ensure survival of plantations raised under CA, it is prescribed that the plantation scheme should be site specific and it should not be generalized. It is also not possible to do watering in the hills, therefore, site specific species plantation with advance trench work and seeding of Aravalli species and closure of the area may give better results than any other method.

b. Closure of the area:

The existing wage rate for un-skilled labour in District Rewari is Rs. 363.78/- per day during the year 2020-21. Since the proposed Compensatory Afforestation will be carried out in the year to come (say start year will be 2021-22, as Steering Committee Meeting for 2020-21 has already been held and agenda has been approved), so, the cost estimation has been done considering 10% enhanced wage rate every year starting from the year 2021-2022 as per details given under to avoid any kind of funds hardship in future. The cost of CA for 1100 plants per hac. (planting to be done in 48.4 hac. physical area) The detailed cost norms and year wise schedule of works proposed under the scheme is closed as **Annexure-II**.

3 Schedule of Plantation Programme:-

Detail of year wise break-up of requirements of funds is as under:-

The Plantation is calculated at 3m X 3 m spacing as at the wages rate of Rs.363.78/- per day as under with 10% enhanced wage rate every year starting from the year 2021-2022 as per details given under to avoid any kind of funds hardship in future:-

Sr. No.	Year	Cost norm per plant
1	1 st Year Plantation	159.35/- Per Plant
2	2 nd Year Maintenance	101.96/- Per Plant
3	3 rd Year Maintenance	98.59/- Per Plant
4	4 th Year Maintenance	57.16/- Per Plant
5	5 th Year Maintenance	62.72/- Per Plant
6	6 th Year Maintenance	68.93/- Per Plant
7	7 th Year Maintenance	75.71/- Per Plant
8	8 th Year Maintenance	83.13/- Per Plant
9	9 th Year Maintenance	91.25/- Per Plant
10	10 th Year Maintenance	99.50/- Per Plant
Total Cost.		898.30 /- Per Plant

TOTAL (A+B+C+D+E+F+G)				33167626.58 Or Say 33167627

5. Technical details:

a. General details:

Aravallis hills are the one of the oldest mountain range on earth and are the prominent landforms shaping the west-Indian climate and biodiversity. Aravallis with its lush green forests used to act as green barrier and acted as an effective shield against desertification. The forests of Aravalli range in Haryana are now the most degraded forests in India, most of the indigenous plant species have disappeared. The rapid deforestation and developmental activities are destroying the unique landscape that requires immediate conservation attention. These vulnerable areas used to be biologically rich and supported several unique elements of flora and fauna.

B.Species:

Since the site proposed for CA is a hilly track of Aravalli region/foot hills, so indigenous species belonging to Aravalli region/arid regions will be given priority. Ronj khairi, Holoptelia, Dhok, Beri, Chamrod, Burna, inderjo, Bar, Pipal, Neem, Pilkhan, Imli etc will be planted.

c.Protection and silvicultural operations:

There is lot of pressure on the site. Cutting of trees (even the indigenous trees), grazing of cattle, goats and sheep is in practice at site and these are the main reasons for degradation of area. Therefore, one mali-cum-protection watcher will be engaged for every Five and half hectare (5500 plants) of area during first five year and after five year, one mali on every 10 ha. for protection and silvicultural operations in the area. The employment will be given to local people of the villages and the payments will be ensured through Biodiversity Management Committees or Village Forest management Committees to these protection watchers.

d. Proposed Monitoring Mechanism:

97

Full Title of the Project: Diversion of 8.46 ha. of forest land in favour of Dy. Chief Engineer/Civil/ GGN, National Capital Region Transport Corporation for developing a corridor of Regional Rapid transport system(RRTS) and implementation of RRTS route from Sarai Kalan khan(New Delhi) to Shajhanpur-Neemrana-Behrur(SNB), under forest Division and District, Rewari.

File No. FP/HR/RAIL/120165/2021

Date of Proposal: 20-01-2021

8

At Division and Circle level, DFO and Conservator will keep proper monitoring on the sites. Forest department is also having its Monitoring & Evaluation (M&E) Wing for monitoring the success of plantations. Conservator, FCA-cum Nodal Officer, Panchkula and the officers of Northern Regional Office of MoEF are the top agencies which will also be reviewing the success of plantations besides other senior officers of Forest Department.

6. Justification for the Cost of Site Specific Scheme:

There is great need to protect the fragile ecosystem of Aravallis in National Capital Region for the environmental sustainability of the region. Since only 18512 Plants will be planted no extra machinery charges are included.
