Certificate regarding alternatives examined for liner project

This is to certify that, this project authority proposed three alignments

- 1) alignment no. 1 – total mangrove forest area affected 0.6732ha.
- 2) alignment no. 2 – total mangrove forest area affected 3.90 ha.
- 3) alignment no. 3 – total mangrove forest area affected 3.10 ha.

have been examine in detailed and have come to conclusion that the alternative no. 1 is the most suitable for forestry point of view. The other alternatives are being rejected on ground of the forest area is required more than the no. 1 alignment.
