पत्रांक 652 / 36C

दिनांक 25/04 /2022

सेवा में,

प्रभागीय वनाधिकारी
वन प्रभाग-बद्रीनाथ
गोपेश्वर।

विषय:-जिला योजना के अन्तर्गत देवाल-मुन्दोली-मोटर मार्ग से रा0इं0कां0 त्वाणी तक मोटर मार्ग का नवनिर्माण हेतु वन-भूमि प्रस्ताव में उल्लिखित कमियों के निराकरण के सम्बन्ध में।

संदर्भ:-1-अपर प्रमुख वन संरक्षक एवं नोडल अधिकारी वन संरक्षण, इंदिरानगर फॉरेस्ट कॉलोनी, उत्तराखण्ड देहरादून को प्रेषित उप महा निरीक्षक, वन (के0) का पत्रांक 8वी/यू.सी.पी. /06/84/2021/एफ0सी0/670 दिनांक 08-09-21.

महोदय,

उपरोक्त विषयक के अनुक्रम पत्र में उल्लिखित कमियों का निराकरण बिन्दुवार निम्नवत् प्रेषित किया जा रहा है।

क्र०सं०	कमियों का विवरण	प्रत्युत्तर/निराकरण
1.	On perusal of the proposal, it has been noticed that college can be connected from nearest point of existing road instead of taking 0.58 ha. Reserve forest land which includes felling of 85 trees. State Government may submit clarification in this regard.	The G.I.College will connect before the end point of the road. Extension of the road beyond the college is also for connectivity of nearby village Tajpur, which is far from the college. Students of village Tajpur also studying in this college, Generally all the students of this village goes to the school by the foot trek. So it will benefit to the School and its students from village Tajpur and they will be connected partially by Motor road.
2.	State Government is requested to direct the concerned DFO to personally visit the site and explore the alternative in view of point No- 01 mentioned above.	It is clarify that main Tharali- Mundoli road is in rising grade near the College. And nearest upper point of the road has been selected for the proposed road for the college. If any alternative alignment may select, it will be more longer and with hair pin bends (H.P bends, which will affect more forest land of the R.F. and the length of the road will be more than proposed length which will increase cost of construction too.
3.	Out of 0.58 ha reserve forest land 0.16 ha area is selected for muck	The alignment of the road proposed for the construction is situated above the

	disposal which appears proportionally more. State Government is requested to submit justification for requirement of this land proposed for muck dumping and explore the possibility of selecting non-forest area for muck-dumping.	existing State Highway No 90 and as well as above the reserve forest land. So all the debris or material by hill side cutting will be deposited on the SH-90 and R.F under this alignment. So it will be necessary to dispose off the excavated material from Hill side cutting in a selected area for muck disposal. So area for muck disposal is justified.
4.	Administrative approval is submitted to connect the college but the proposed alignment is going beyond the college. State Government may submit clarification in this regard.	As per clarification mentioned in the point no 1.
5.	Details of alternative explored is neither submitted nor uploaded. State Government may submit/upload the same.	As per clarification mentioned in the point no 2.
6.	Date is not mentioned in the proceedings of the sub Divisional level committee (SDLC) meeting under F.R.A. State Government may submit/upload the SDLC meeting proceedings with date prior to the Stage-II approval.	Date has been mentioned in the SDLC Meeting under F.R.A.
7.	Details of trees falling under girth-class of 0-30 cm is not submitted/uploaded. State Government may provide/upload the details of trees in girth-class 0-30 cm.	Details Will be submitted from D.F.O level. (Part- A)
8.	Plantation scheme of Rs. 2208661/- is uploaded for planting 850 trees. State Government may submit justification as per current rate in this regard.	Justification Will be submitted by D.F.O level. (Part- A)
9.	Aerial distance certificate is not countersigned by the DFO. State Government may submit the aerial distance certificate duly countersigned by the concerned DFO.	Will be submitted from D.F.O level. (Part-A)
10.	Density is mentioned as 0.2 for 85 trees in 0.806 ha area appears incorrect. State Government may review the same and submit the	Will be submitted from D.F.O level. (Part-A)

	correct information/document.	
11.	State Government may submit the muck disposal plan duly authenticated by the concerned DFO after thorough check because 0.16 ha in RF only for muck disposal seems more than required.	Will be submitted from D.F.O level. (Part-A)
12.	Administrative approval and Geologist report uploaded online is incomplete. State Government may submit/ upload the complete administrative approval and geologists report.	Administrative approval and Geologist report submitted and uploaded.
