BRIEF PROJECT REPORT.

We are committed in safeguard of the environment and extend every possible contribution to save the nature.

In this context it is proposed to construct two water tanks and erecting pipeline for the use of German Remedies Limited, Kumrek Rangpo East Sikkim.

For water supply, Main water source is identified at Khanew Kholsa at Kamaray Village (coordinates are : N: 27°12'14.00" , E: 88°33'16.57" Elevation- 716.39M) and from there we are providing 50mm dia GI pipe line to the collection tank and provided **water line to public use to nearby villages**. From collection again water pipe line is laid to Forest fire control water tank ((coordinates are : N: 27°12'18.30" , E: 88°33'16.6" Elevation - 456.30M) to control **forest fire** during dry season and one connection will be taken to our Factory. From our Factory **we will provide one water line connection to Gulmohar Picnic Spot as it is our social responsibility to maintain Picnic spot.**

On behalf of German Remedies Limited.

AUTHORISED SIGNATORY.
