Conquering Newer Horizons

Ref: NEF: 02/19-791/ 2013

25.10.2013

To,

The Addl. Principal Chief Conservator of Forest &
Nodal Officer (FCA)
Department of Environment & Forests
Itanagar, Arunachal Pradesh

Sub: Submission of proposal for diversion of forestland for one drilling location DML-3 falling in Namsang Social Forestry Area, AP

Sir,

We wish to inform you that in addition to the 2(two) drilling locations namely DML-1 & DML-2 identified earlier in the Deomali PEL area for which forestland diversion proposals were already submitted and presently demarcation job is under progress, another location has since been identified in the same PEL area. It is accordingly planned to drill a well in the said location named as Loc. DML-3 falling in Namsang Social Forestry Area, Tirap District, Arunachal Pradesh for the purpose of exploration of hydrocarbon.

2.0 The area required for the drilling well is shown in the attached drawing in the Scale of 1:50000 and the details of the areas required are as under -

Plinth	: 2.60 Hectare
Flare	: 0.16 Hectare
Boiler	: 0.04 Hectare
Approach Road	: 0.80 Hectare

Total : 3.60 Hectare

3.0 As such, we request you to kindly take necessary action for diversion of the aforesaid forestland for non-forestry purpose i.e. for drilling a well at 'Loc. DML-3' under the provisions of the Forest Conservation Act.1980. We also request you to kindly handover the plot of the land to us at the earliest so that necessary preparation of the site to carryout the drilling works can be taken up.

- 4.0 In case the well is abandoned, the area shall be returned back to the Forest Department.
- 5.0 We also confirm that OIL INDIA LIMITED shall take adequate pollution control measures and necessary protections as per the provision of Water (Prevention & Control of Pollution) Act, 1974 and Air (Prevention & Control of Pollution) Act, 1981.
- 6.0 We shall be grateful if you would kindly initiate necessary action on priority basis to handover the above plot of forestland to OIL INDIA LIMITED to start the civil construction jobs.

Thanking you,

Yours faithfully,
OIL INDIA LIMITED

|------|---|---|--|
| i. | Short narrative of the proposal and Project / scheme for which forestland is required | : | Area of 3.60 Hectare of Forestland under Deomali PEL area required for Oil India Limited's drilling location named as 'Loc. DML-3' falling in Namsang Social Forestry Area, Tirap District, Arunachal Pradesh |
| ii. | Map showing the required forestland boundary of adjoining forest on a 1:50, 000 scale map | : | Map in 1:50,000 scale enclosed. |
| iii. | Cost of the Project | : | Rs. 18.00 Crores (approx) |
| iv. | Justification for locating the project in forest area. | : | Oil India Limited is a Public Sector undertaking engaged in exploration, production and transportation of Crude Oil and Natural gas. The drilling location 'DML-3' is selected after extensive Geological studies & interpretation of data obtained through seismic survey, which indicate strong possibilities of presence of hydrocarbon in location. Since the location is scientifically determined based on geoscientific data, it is not possible to change the site |
| v. | Cost benefit analysis (to be enclosed) | : | Not applicable. |
| vi. | Employment likely to be generated | : | Indirect generation of jobs for the local youths during the site preparations as well as drilling phase for peripheral jobs in unskilled category. There is also possibility of jobs being generated and growth of ancillary industries if hydrocarbon is commercially produced. However, the exact number of jobs created in the project cannot be computed. |
