Adityapur, Date - 25.01.2020

Subject: Augmentation and Strengthening of Drinking Water Supply Scheme in Adityapur Municipal Corporation – Forest Clearance for Laying WS Lines and Construction of Ancillary Facilities – Regarding Taking –up Water Supply Work in JIADA's Forest and Non-Forest Area.

Ref: JUIDCO Letter No. JUIDCO/Adityapur WS/MPK/147/2017/516 dated 23.12.2019

Dear Sir,

Vide reference letter you had requested us to carryout laying/construction of water supply lines and its ancillary facilities in forest plots falling under JIADA area in Asangi, Bhatia, Dindli, Gangpur, Hathiadh, Krishnapur and Parvatipur villages. Also you had attached the list of villages wise plot numbers used for the proposed laying/construction of water supply lines and its ancillary facilities.

In this regard, considering the importance of the project for the region, we don't have any objections to carry out the water supply work in the forest and non-forest land and also in specific list of plot number, where you have intended to carry out the work.

However, it is directed you to intimate us prior to initiating water supply activity in JIADA area, so that we can depute a representative for speedy completion.

Thanks You,

Your Faithfully,

Regional Deputy Director
JIADA, Adityapur Region
