1	It is Seem that the proposal is for diversion of 3.275 ha. and rest of muck dumping but in many documents area of forest land submited for diversion is mentioned as 2.7ha.	The document is uploaded after making suitable correction.
2	Land Schedule Submitted is not counter signed by DFO	Land schedule is uploaded after getting counter signed by DFO.
3	Area mentioned in CA Scheme is 5.40ha instead of 6.55ha.	The document is uploaded after making suitable correction.
4	CA site name and area is not mentioned in CA suitability certificate .	The document is uploaded after making suitable correction.
5.	As per tree enumeration list 190 trees are of banj out of 223. State govt. may explore some other alignment to reduce the number of trees. It is also not mentioned whether the tree culcation is done on 7m. to 9m and what is the actual number of trees to be cut futher, the number of tree in 0-10 dia class is not submitted.	A joint visit of the site was done with forest department on dated 21.01.2020. were is was observed that the tree, to be cut is minimum in the above porposed alignment of the motor road. Joint Site Visit report is attached. the tree culculation is done in 7m. and the actual of tree to be cut is 223nos. out of 190nos are banj trees. there is no any tree in 0-10 dia class. relevant documents are uploaded after making suitble correction.
6.	Name of CA area mentioned online is kundi but in CA scheme and CA site suitability is in mokha malla .	The document is uploaded after making suitable correction.
7.	Comments of DFO are incomplete against para 6 in part II. State Govt. may provide comments of DFO agaist 'brief note on vulnerability of the forest area to erosion.' i.e. para 6 Part II.	comment has been made by dfo in para 6.
8.	State govt. may submit original copy of the revised documents in view of above points.	The hard copy of above points are submitted in original.

अतः उपरोक्त प्रकरण में अपने स्तर यथोचित कार्यवाही करने की कृपा करे।
