Respected Sir,

With reference to the above subject. Hereby submitting the pointwise compliance of queries raised by vide ref.(3) as follow.

1. It is found that only maps are submitted, detailed comparative statement of all the alternatives along with forest area involved, nos. of tree felling involved in each alternative alignment etc. shall be submitted.

➤ All Three optional route and selective route prepared with considering the technical parameters of transmission line. Final route has been selected on the base of minimum forest area as well as minimum number of affected trees. Detailed bifurcation in the viewpoint of forest area nos. of tree felling involved in each alternative alignment are as follows.
