1	Clarification for 1.7571 ha of Jungle Jhari in the proposal.	In Hard copy submission, we have mentioned the 1.7056 ha & 0.5420 ha of JJ land used prior to (25.10.1980) as non-forest land also mentioned in broken area plan. This area has been put in the table, only to show that it is already broken prior to 1980, which is also mentioned in previous forest diversion proposal as non-forest land. This proposal approved on 11.12.2009, vide F. No. 10(21)2-2000-FC(pt)
