

21.07.2018

To

Addl Principal Chief Conservator of forest,  
 Forest Conservation and Nodal Officer FCA,  
 Aranya Bhava, 18<sup>th</sup> Cross, Malleshwaram  
 Bangalore 560003.

Sir

Sub: Diversion of 6.523 Ha of forest land in Tanigehalli, Hirekandawadi & Dindadahalli Villages, Chitradurga District, for Pipe Conveyor projects of Vedanta Ltd (ML 2677) located near Bheemasamudra/ Megalahalli village in Chitradurga district in favour of Vedanta Ltd.

Ref: 1. Our online proposal dated 09.03.2018 (Original), 01.06.2018 (Resubmitted).  
 2. Your office online communication dated 31.03.2018.  
 3. Your letter No A5(1) MNG.CR.20/2017-18 Dated 14.06.2018.

As per the discussion held with you in your office we are resubmitting our fresh application for diversion of conveyor belt project as per the direction of Hon'ble Supreme Court order Dated 07.12.2018. Our point wise reply for your letter dated 14.06.2018 given below for your perusal.

| PointA2 :C18 | Queries                                                                                                                                | Vedanta's Reply / Clarification                                                                                                                                                                                                    |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1            | A-1 (V) Category of Proposal                                                                                                           | Unable to change "Approach Access" to "Mining "in the portal. Hence New proposal being uploaded as per your direction.                                                                                                             |
| 2            | A-1 (Viii) Area of forest land proposed for diversion (in Ha.)                                                                         | Corrected KML file has been prepared and will be uploaded                                                                                                                                                                          |
| 3            | A-3 Details of person making application (v) Designation                                                                               | Correct designation is "Head Technical Services" but unable to change "Manager" to 'Head Technical Services "in the portal. Please arrange for the provision for this change in the portal and the same we will do it from our end |
| 4            | A-3(Xvii) Copy of documents in support of the competence/Authority of the person making this application on behalf of the user agency. | Proper authorization letter issued by the competent authority (dually signed by two person) has be submitted                                                                                                                       |
| 5            | B-2.3 Village wise breakup                                                                                                             | It is to be noted that the pipe conveyor corridor is not passing through sy no. 43,44,45 & 46 of Dindadahalli village. Also village wise break up has been provided along with survey numbers                                      |

| 7 | C. Area of forest land proposed to be diverted.(iv) Scanned copy of the geo-refernce Map.                                                           | 1. The geo reference map with correct GPS reading has been uploaded<br>2. We have once again checked and would like to inform that the proposed conveyor alignment is the best suited alignment which required minimum forest land.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| 8 | L. Details of land identified for compensatory afforestation (V)<br>Scanned copy of the land identified for creation of compensatory afforestation. | 1. The required detail map has been prepared and uploaded                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| 9 | Additional nformation details /General                                                                                                              | 1. All required information including required map and KML file will be mailed to apccffc@gmail.com marking copy to ccf_fc@yahoo.co.in and rfo3_ictc@aran.gov.in<br>2. Please note conveyor corridor is not passing through M/s. Mineral Enterprises Ltd but passing through M/s.Jantakal Enterprises. It is to be noted that jantakal mine is not operating and forest clearance has not been granted . We, therefore request forest department to facilitate the grant of our conveyor corridor through Jantakal lease as there is no other option to route the conveyor<br>3. We have reviewed the required width of conveyor corridor and have reduced it from initial 30 mtr to required 15 mtr.<br>4. All enclosed/uploaded documents are in english only |

We request you to kindly accept our application and process.

Thanking you

For Vedanta Limited
