प्रभागीय वनाधिकारी  
हरिद्वार वन प्रभाग  
हरिद्वार।

विषय:- जनपद-हरिद्वार में केन्द्रीय सड़क योजना के अन्तर्गत रूड़की-लक्सर-बालावाली मार्ग (राज्य मार्ग सं० 26) के कि०मी० 1 से 19 तक पेड शोल्डर से मार्ग के चौड़ीकरण/सूदृढीकरण हेतु 7.32 है० राष्ट्रीय राजमार्ग खण्ड, लो०नि०वि० को वन भूमि प्रत्यावर्तन। (Online No. FP/UK/ROAD/153125/2022)

सन्दर्भ:- पाक्षिक क्षेत्रीय समन्वयक बैठक का कार्यवृत्त, भारत सरकार का पत्रांक-IRO/DDN/FRCM/01/2022/1457 दिनांक 30.01.2023 एवं कार्यालय वन संरक्षक शिवालिक वृत्त उत्तराखण्ड देहरादून का आपको सम्बोधित पत्रांक 2679/12-1 दिनांक 25.05.2024।

महोदय,

उपरोक्त संदर्भित पत्र के क्रम में भारत सरकार द्वारा लगायी गयी आपत्तियों का विन्दुवार निराकरण निम्नवत् है:-

क्र० सं०	भारत सरकार द्वारा वांछित सूचना	उत्तर
1	Project proponent is requested to re-assess the technical requirement of drainage at specific sites in view of the width and diversion area of the road.	Roorkee-Laksar-Balawali motor road (SH-26) passes through highly dense populated areas, such as Dhandhera, Nagla Imarti, Landhora, Basedi and laksar etc. Drainage of domestic and Monsoon run off discharge is a vast problem in all of the habitations and having water logging in most of the habitations during Monsoon season. Sanction for strengthening and widening work of Km. 1 to 19 of this road has been granted under Central Road Infrastructure Fund. Drainage work of habitated areas lying on the road, is also provisioned along both sides of the road. But the land having been the reserve forest land, the drainage work can not be taken up, until the transfer of forest land. Further it is also to mention, that as per the actual minimum requirement of land for construction of drains and accordingly minimum requirement of felling the trees, the proposal have been re-assessed and the minimum actually required numbers of trees i.e. 527 in lieu of 984, have been taken.
2	Forest Department is requested to inspect the site in view of point no. 1 and submit the actual no. of trees to be cut.	Action to be taken at your end.
3	Replay to observation made by this office vide EDS letter dt. 09.01.2023 is required to be submitted covering observation as follows:-	

क्रमशः.....2.....

(i)	It was submitted that total Non-Forest Land is 40.71 ha. State Govt. is requested to provide information at para B in Part I.	Roorkee-Laksar-Balawali motor road (SH-26) exists prior to Year 1960. Total area of R.O.W. held by this road was 48.03 Hectares, out of which 7.32 Hectares land (2 metre wide strip on both side of road) were declared as reserve forest land vide G.O. No. 115/XVI/331-50 dated 10.02.1960. Hence the net non forest land area currently is 40.71 Hectares. Further it is also to mention, that the information regarding non forest land could not be entered in Para B of Part-1, as the PARIVESH Portal is not supporting to edit the informations entered earlier by the User Agency. Same was also informed vide this office letter no. 2250/4C dated 21.11.2022.
(ii)	Density is mentioned as 0.2 for 984 trees in 7.32 ha. area which appears less. It is requested to provide clarification in this regard and provide correct information.	Action to be taken at your end.
(iii)	It is requested to provide NPV calculation sheet mentioning Eco class and density.	Action to be taken at your end.
(iv)	It is requested to fill the correct information regarding working plan prescription.	Action to be taken at your end.
(v)	Details of tree are not found unloaded at para 13 in part II. However, Tree Enumeration List found unloaded in part I but the girth size detail is not matching with the details filled at para 4 in part II. A clarification in this regard is required to be submitted and discrepancy is requested to be removed.	Action to be taken at your end.

अतः उक्तानुसार आपत्तियों का निराकरण कर इस अनुरोध के साथ प्रेषित है कि प्रकरण पर सैद्धान्तिक/विधिवत स्वीकृति प्रदान करने हेतु अपनी संस्तुति सहित अग्रसारित करने की कृपा करेंगे।

24/6/24
