

Justification Against point No.-1

The land holding in Himachal Pradesh is very less and land acquisition is not possible. The people of Himachal Pradesh are having very less land for their livelihood. Moreover, in Rohru Town private land is very less under the ownership of private people & most of the land is forest land. The patch of land identified for the proposed project is most suitable and feasible and cannot be escaped. There is no non-forest land available for the construction of Solid Waste Management Plant at Rohru Distt. Shimla.
