With reference to the above subject, Principle Chief Conservator of Forests, (Forest Conservation) and Nodal Officer (FCA) vide reference (3) directed DCF Sirsi to give specific opinion on following points.

1. Since, the Malki land is surrounded by the forest land, No alternate protected Forest road is there to connect the malki land. Proposed path is shortest possible distance from the connecting road to malki land. Useragency has given the undertaking in this regard. (Undertaking enclosed)
2. There were no patta/malki holders surrounded to the proposed path/road connecting to malki land. Hence there is no options for any objections by any neighbouring patta/malki land holders. Useragency has given the undertaking in this regard. (Undertaking enclosed)

Hence the proposal may be considered for the further processing.

Your Faithfully,

Deputy Conservator of Forests
Sirsi Division, Sirsi.
