

Project Detail:- C/O road from jangeshu to Auda via Bhanet (Km 0/00 to 3/500) within the jurisdiction of solan and kunihar Forest Division, District Solan Himachal Pradesh.

(Justification of the Project (Query Point No. 6) (i) to (iv))

Initially a survey to connect with Auda Uprala was carried out but the same could not be matured due to the reason that the vertical fall between the two points as suggested in the queries was approximately 120.00 mtrs and to cover this fall (Level difference) , a minimum length of about 2.50 Kms was required and that too on a continuous gradient, but to get the road constructed with a good ruling gradient length was coming area 4.000 Kms. Also some of the land owners near the Nahri Temple was resisting to the alignment as they were becoming landless. That is why the new alignment was worked out from some other location which has almost a uniform level gradient all thorough out the length and the cutting height was also nominal and minimum trees were coming in the alignment of road . Also the damage assessed to the forest along the proposed alignment was bare minimum. The Village Bhanet has also been covered indirectly as per the opinion/wishes of the Peoples of Bhanet. Also justification to connect the people to the Tehsil Headquarter, Judicial Court & Sub Division at Kasauli.

Divisional Forest Officer,
Solan Forest Division, Solan (H.P.)

Executive Engineer
Kasauli Division
HPPWD Kasauli

Divisional Forest Officer,
Kunihar Forest Division,
KUNIHAR (H. P.)
