Sub: Clarification regarding guidelines for diversion of forest land for non-forest purpose as per the general approval, under Section-2 of the Forest (Conservation) Act, 1980, for laying of underground CNG/PNG and Slurry pipelines-reg.

Sir,

I am directed to refer to the representation received from the Government of Punjab through Regional Office Chandigarh vide letter no. 1-2Misc/2019-ROC dated 08.01.2020 on the above mentioned subject and to inform that the matter was considered by the Forest Advisory Committee (FAC) in its meeting held on 23.04.2020.

2. FAC observed that as per existing guidelines dated 28.03.2019, condition mentioned in Para 4.1 (f) is also applicable on the proposals mentioned in Para 4.2. It further observed that laying of underground CNG/PNG and Slurry pipelines in RoW of the existing road is an activity being taken up in forest area which is already under non forest use.

3. After thorough deliberation on the issue, FAC recommended that CA may not be levied in case of laying of underground Optical Fiber Cables (OFC), telephone lines, drinking water supply pipelines, electricity cables, CNG/PNG and Slurry pipelines within the RoW of existing roads (trench size not more than two meter in depth and one meter in width) not falling in National Parks and Wildlife Sanctuaries without felling of trees.

4. In view of the above, Para 4.2 of the Comprehensive Guidelines issued on 28.03.2019 may be read as:

Laying of Underground Optical Fiber Cables (OFC), telephone lines, drinking water supply pipelines, electricity cables, CNG/PNG and Slurry pipelines. General approval is accorded for taking up these projects within RoW of existing roads (trench size not more than two meter in depth and one meter in width) not falling in National Parks and Wildlife Sanctuaries' without felling of trees. Approval, in addition to general conditions mentioned above under para 4.1 (***except condition "f"***), subject to the following specific conditions:

- a. No tree felling is involved for the proposed work
- b. After completion of the project the area under RoW should be reclaimed suitably.
- c. UA agrees to make good of any loss to Forest/Environment.

- d. *The UA will seek permission from the local FD for carrying out any maintenance.*
- e. *In case, the proposed area falls in the RoW of the road passing through National Parks and Wildlife Sanctuaries, General Approval is subject to prior permissions from the State Board for Wildlife.*
- f. *In case of project involve tree felling, ten trees for each tree marked for removal shall be planted at the cost of user agency in consultation with the local forest department.*

This issues with the approval of the competent authority.

Your faithfully,

(Sandeep Sharma)
Asst. inspector General of Forests

For Reliance Jio Infocomm Limited

Company Secretary

7.0 The Registered company shall provide the infrastructure as stated above to any licensee of Telegraph services licensed under section 4 of the Indian Telegraph Act 1885. The company shall, in no case, grant in any manner the infrastructure to any erstwhile licensee whose licence is either terminated or suspended or not in operation at given point of time. In the event of any infrastructure allowed before hand, then the Registered company shall be obliged to withdraw the grant of infrastructure and to disconnect or sever connectivity immediately without loss of time and further, upon receipt of any reference from the Licensor in this regard, disconnection shall be made effective within an hour of receipt of such reference. On the question of disconnection the decision of the Director General Telecom shall be final.

7.1 The Registered company shall provide necessary facilities depending upon the specific situation at the relevant time to the Government to counteract espionage, subversive act, sabotage or any other unlawful activity.

7.2 The Registered company shall make available on demand to the agencies authorized by the Government of India, full access to the network for technical scrutiny and for inspection which can be visual inspection or any operational inspection.

7.3 All foreign personnel likely to be deployed by the Registered company for installation, operation and maintenance of the Registered company network shall be security cleared by the Government of India prior to their deployment. The security clearance will be obtained from the Ministry of Home Affairs, Government of India, who will follow standard norms in the matter.

7.4 The Registered company shall ensure protection of privacy of communication and ensure that unauthorized interception of messages does not take place.

7.5 The Government shall have the right to take over the equipment and networks of the Registered company or revoke/terminate/suspend the Registration of the company either in part or in whole as per directions if any, issued in the public interest by the Government in case of emergency or war or low intensity conflict or any other eventuality. Provided any specific orders or direction from the Government issued under such conditions shall be applicable to the Registered company and shall be strictly complied with. Further, the Government reserves the right to keep any area out of the operation zone of the service if implications of security so require.

7.6 Government reserves the right to modify these conditions or incorporate new conditions considered necessary in the interest of national security and public interest.

7.7 The Registered company will ensure that the Telecommunication installation carried out by it should not become a safety hazard and is or in contravention of any statute, rule or regulation and public policy.

8.0 Any breach of the above terms will lead to cancellation of the registration without any further notice.
