To,

The Divisional Forest Officer,
Joginder Nagar Forest Division,
Distt. Mandi, H.P.

Sub: Request for considering the proposed Construction of 1 MW HYDEL project in
Dhanwan in Parivesh 1.0-reg.

Ref: No. FC HPB/01/74/2021 1/120015/2025 dated 04.07.2025.

Sir,

This is to respectfully submit that the proposal for construction of the 1 MW Hydel Power Project at Dhanwan was initially uploaded on the Parivesh 1.0 portal vide Online Proposal No. FP/HP/HYD/39107/2019, dated 24.02.2019. The submission was made by **M/s Bhup Raj**, bearing PAN No. _____, and as per the PAN credentials, the system auto-filled the User Agency name as **Baada Deo Small Hydel Project Pvt. Ltd.**

Subsequently, due to personal circumstances, M/s Bhup Raj, the proprietor of Baada Deo Small Hydel Project Pvt. Ltd., transferred ownership of the said project to **M/s Shivganga Hydel Power Project**. Accordingly, all relevant documents including the Techno-Economic Clearance (TEC), Implementation Agreement (IA), Connection Agreement, and other supporting documents have been duly prepared and uploaded on the Parivesh 1.0 in the name of the new User Agency, **M/s Shivganga Hydel Power Project**.

In this regard, it is respectfully submitted that the name change process pertaining to the proposed 1 MW Hydel Power Project was taken up in the REC meeting held on 30.06.2025. However, due to the existence of three separate proposals being processed under the same login ID, the system does not permit a change to the User Agency name. Any alteration to the login ID would automatically result in the change of User Agency name across all three linked proposals, thereby creating procedural inconsistencies.

Further, as per the directions received from the REC dated 30.06.2025, we are required to withdraw the existing proposal from Parivesh 1.0 and re-upload the complete documentation afresh on Parivesh 2.0. While we fully acknowledge and appreciate the intent to streamline processes through Parivesh 2.0, but transition poses significant procedural challenges at this stage.

Uploading the proposal on Parivesh 2.0 would necessitate revising the entire submission, thereby initiating a comprehensive process that would involve preparation of maximum nos of new documentation. This includes but is not limited to updated checklists, NOCs, maps, and other supporting materials as per the new portal's format and guidelines. The compilation and

validation of these documents is highly time-consuming and may lead to considerable delays in project execution.

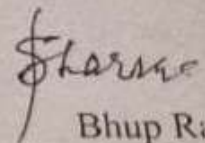

Therefore, it is respectfully requested that your esteemed office kindly consider and process the proposal for the Dhanwan Hydel Power Project under the Parivesh 1.0 portal, so that necessary subsequent actions may be initiated without delay. Furthermore, in the event that the authority opts to update the User Agency name, resulting in an automatic change across the three linked cases under the same login ID, we wish to submit that we have no objection to such modification and shall abide by the revised system entries accordingly.

Regards

Yours faithfully

Nand Lal Arora
M/s Shivganga Hydel Power Project.

Bhup Raj
Baada Deo Small Hydel Project Pvt. Ltd.
