

To,
The Nodal Officer,
Van Bhawan, Ranchi Division
Doranda, Ranchi, Jharkhand.

Date: - 28.07.2018

Sub: - Reply against the essential details sought by Nodal officer on query dated 28.07.18.

Ref: - Proposal no. FP/JH/TRANS/33768/2018. (Construction of 220KV-D/C-Godda-Dumka Transmission Line of JUSNL (Jharkhand Urja Sanchar Nigam Limited) vide LOI No:-1047 C.E (T)/JUSNL dated-08.11.2016).

Dear Sir,

The Pointwise reply for essential details sought on query dated 28.07.18 from your honoured office are mentioned below:-

Query- B.2.i & B.2.2 - Please specify why the name of Godda Forest Division has been included when no forest area is proposed under the project

Reply- In B.2.1 B.2.2 of uploaded proposal. The no's of forest Division & Districts are mentioned as 02 no's. The Godda division is mentioned as nil forest land with 129.97908 h.a of non- forest land. If Godda Division is not included, all non-forest areas of Both Dumka & Godda districts has to be clubbed under Dumka division which will not correct(due to different jurisdictional authority of both districts) & it will have an issue by Dumka forest division that why the Godda non forest land included in Dumka Forest division. Due to this reason the Godda Division is included in uploaded proposal. Also, if Godda division is removed the sum of forest & non-forest area's are not matching & system error is reflecting there.

The above mentioned reply is for your kind reference & request for acceptance of proposal for further initiation of process for forest clearance & approval.

Thanking you & assuring our best attention all the times.

Yours's faithfully

(Cornelius Marandi)
EEE (Transmission Division-Dumka)
