Subject: Regarding location name for proposal FP/AS/Others/38669/2019

Sir,

ONGC has submitted a proposal of FC for creating Surface facilities at the existing location of Suphayam-1 proposal no FP/AS/Others/38669/2019. I would like to bring to your notice that Suphayam-1 and SUAB are same drill site. This is existing location for which we have FC and the land is still in possession of ONGC. As ONGC wants to create surface facilities for production, and as per existing rule FC is required.

In EDS dt. 29.07.2019, it is asked to resubmit Toposheet and Georeference maps. It is requested that since it is same existing drill site, maps submitted may please be considered for the said proposal.

Submitted for your information please.

*Yours Sincerely,*

30/7/19  
AJAY K RASTOGI
