

AEE/SUL/5911/2018-19/29-3-19

Confidential Letter

For the purpose of providing efficient and consistent electricity supply for the people residing in Rajarampura , Sampaje Village and the area around its vicinity, an establishment of 33/11 KV Sub Station is proposed. The aforementioned request is already registered in **ForestClearance.nic.in** Web site for your approval. Also during electrification of 23 houses in Hemala hamlet, Panja range under Government Scheme ,it came to understanding that forest conversation act 1980 was not followed. Therefore for the purpose of following right protocol as per forest conversation act 1980, The department is ready to deposit net present value (NPV), compensatory afforestation cost (CA Land) and any penalty levied in near future. The above details are for you kind information.
