

M/S BUSHAHR LAGHU UDYOG

(Stone Crushing and Screening Plant)

Producer and Supplier of Sand, Aggregate and all type of Building Material

Plant Site:- Pashada Khad, P.O. Khanari, Tehsil Rampur Bsr, Shimla HP

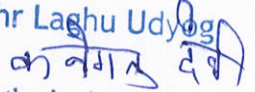

Head Office:- V.P.O Jhakri, Tehsil Rampur Bsr, Shimla HP-172201

Contact No:- 9816335001, 9418608409 **Email id:-** cheshwer1979@gmail.com

Brief Note on The Project

GoI, MoEF&CC vide their letter No. HPB 414/1997-CHA/3590-94 dated 18.08.2006 has accorded approval for diversion of 0.2898 Hac. Of Forest land for Mining Lease (0.1964 Hac.) and establishment of Stone Crusher (0.0934 Hac.) in favour of M/s Bushahar Laghu Udyog VPO Jhakri, Tehsil Rampur Bushahar and now project proponent wants to run already established Stone Crusher for which sufficient quantity of minerals i.e. stone is available in the nearby forest area to feed the already established stone crusher. Hence, 2.1532 Hac. Forest land (i.e. 1.4612 Hac. For Mining lease, 0.3520 Hac. For approach road to mining site and 0.3400 Hac. For staking of raw material) is required to be diverted under FCA, 1980 for non-forest purpose.

After establishment of stone crusher the demand of grit of whole Rampur Sub-Division and some area of Distt. Kullu as well as Govt. Department for construction of roads, bridges and building will be fulfilled. These development works are paving way to boost the economy of local people. Most of the people now prefer to construct RCC building for their residential purpose for which grit is the basic need. The timber requirement for RCC building is less as compared to primitive method of construction of the house in the area. This will compress the demand of local people for timber from the nearby forests in which they are presently having settlement rights. After establishment of this project it will generate local employment in direct/indirect way and also contribute to generate State Revenue.
