Date: 05.07.2021

From : I/C Specialist Group, A&AA Basin, Jorhat

To : I/C HSE, A&AA Basin, Jorhat

Justification for area change in ELAJ, NRAH, TLAA, SUAD

The Drill site area and the Approach road area of the locations ELAJ, NRAH, TLAA and SUAD were surveyed by the Surveyor of ONGC. Later it was found that due to discrepancies in the datum plane (i.e. WGS84 & Everest) the area was changed and later rechecked by the surveyor. Thus this error was unintentional and unavoidable. It is hereby requested to update the current data and do the needful.
