

# JOINT INSPECTION REPORT

## Name of project:-

Joint inspection of the proposed diversion of land for C/O Shimla Passenger Ropeway Project under the jurisdiction of Shimla Forest Division was conducted on dated 17-09-2016.

Total forest land measuring ~~3.68~~ <sup>3.6593</sup> ha is required for the C/O Shimla Passenger Ropeway Project.

The joint inspection team explored the possibilities of other alternatives but in other alignments more forest land is involved and large nos of trees are involved. Hence in Proposed Alignment minimum trees felling is involved and minimum area of Forest land is required in the proposed site selected by the user Agency.

Hence, Joint inspection team come to the conclusion and consented upon the site selected by the team to be considered as final for the C/O Shimla Passenger Ropeway Project. There is no natural water source, Cremation ground, in proposed Tower & Station Site. However, some encroachments have been found in the shape temple and Dhara at Station and Tower on Khasra No. 131 and 352 in up Mohal Dhar, Tuti Kandi Thesil Shimla(U).
