

JOINT INSPECTION REPORT

Joint inspection of site for Diversion of 03-37-71 ha. of Govt. / forest land for the construction of lower Kurpan -II , 4.8 MW SHEP under Anni Forest Division , Distt. Kullu held on dated. 30/11/2014

Two possible alignments / sites were proposed by the user agency for construction of project component and three possible alignments of transmission line in the jurisdiction of Outer Seraj Forest Division, Anni at Luhri, Distt. Kullu . In alignment -I of Project component 1-92-02 ha. of Govt. / forest land and felling of 106 trees i/c transmission line are involved . In alignment -II of Project component, 2-03-18 ha of Govt. forest land and felling of 145 trees is involved. In alignment -I of transmission line 1-45-69 ha of Govt. / forest land is involved. In alignment -II of transmission line 1-56-28 ha. Govt. / forest land and felling of 39 trees are involved. In alignment -III of transmission line, 1-70-00 ha. Govt. / forest land and felling of 43 trees are involved. Since Alignment -I in project component and transmission line involves less Govt. / forest land i.e. 3-37-71 ha (1-92-02ha. + 1-45-69 ha. ) and entails 106 trees for felling. There is no scope for avoidance of Govt. / forest land and diversion of 3-37-71 ha. of Govt. / forest is barest minimum and cannot be escaped .

The joint inspection committee, therefore, recommends that the Govt. / forest land measuring 3-37-71 ha, coming in the alignment - 1 as detailed check list -6 enclosed as annexure -I in the proposal be diverted under forest (conservation ) act , 1980 for the construction of Kurpan -II (4.8 MW).
