31st January, 2012

To,
 Mr. Chhavinath Singh
 Senior Vice President
 JSW Energy Ltd,
 Toranagallu, Dist Bellary
 Karnataka.

Dear Sir,

This has reference to your e-mail dated 19/01/2012 requesting us to provide 36,000 m³/day of makeup water for your proposed 1x660 MW Supercritical Thermal Power plant.

Govt. of Karnataka, has allotted 70.8 MGD (3,22,000 m³/d) of water for setting up 10 MT Integrated Steel Plant Complex and its auxiliary units like Power Plant, Oxygen Plant, Cement Plant etc.. We have already planned to expand our Steel Plant capacity up to 16 MTPA. We have also initiated several water conservation measures with use of new technology such as dry quenching of coke, reverse osmosis, 100% water recycling etc.. We confirm that with these measures, we can meet the water requirement of 36,000 m³/day of make up water from our water network for the proposed 1 X 660 MW power plant.

The commercial terms of supply of water will be decided mutually and same should be approved by our Board of Directors.

This is for your information.

Thanking you,

Your faith fully,
 For JSW Steel Ltd.

 (Dr. Vinod Nowal)
 Director & Chief Executive (

1994. TB Dam - 20 MGD

2005. TB Dam - 10.8 MGD.

2007. Almati Dam - 40.0 MGD.

2016. - 10.0 MGD.
