Sub: Development of NH- 344M (UER-II)- Diversion of 52.13 Ha. deemed forest land under FCA 1980 [Proposal no. FP/DL/ROAD/2020].

Ref: NHAI/PIU/UER-II/06/01/1358-60 dated 05.08.2021.

Sir,

Please refer to the MoM held under Chairmanship of your good-self on 09.08.2021 regarding the shortcomings in the FCA proposal.

2. The point-wise compliance to each observation is tabulated below:

Sr. no.	Query	Reply of NHAI
1	Compensatory Plantation site Khasra No. /Compartment details	Complied, List of Khasra nos. of compensatory plantation sites at Narela is enclosed as Annexure A . Further, regarding the Khasra nos. of site adjoining to NH-24 at River Yamuna refer NHAI letter no. 268 dated 21.02.2019.
2	FRA certificate	Concerned DM's has been requested to issue the FRA certificate. Shall be submitted in due course of time. Request letter enclosed as Annexure B .
3	Enumeration list with correct botanical and local names.	Complied, enumeration list after necessary corrections enclosed as Annexure C .
4	Project approval letter	Complied, project approval letter enclosed as Annexure D .
5	Project Justification	Complied, project justification enclosed as Annexure E .
6	Land acquisition Plan	Complied, land acquisition plan enclosed as Annexure F .
7	Geo – coordinates of all CA sites	Complied, geo-coordinates of CA sites enclosed as Annexure G .
8	Alternate alignment tried before finalizing this alignment.	The alignment of NH-344M is passing from the already acquired land of UER-II by DDA to minimise the land acquisition cost, however, re-alignment is done at some locations due to encroachment in the existing alignment of UER-II. The options considered in the re-alignment are enclosed as Annexure H .
9	Certificate of minimum use of Forest land	Complied, certificate enclosed as Annexure I .

National Highways Authority of India
Project Appraisal and Technical Scrutiny Committee held on 07.02.2020
Record of discussion

The meeting of Project Appraisal and Technical Scrutiny Committee (PATSC) under the Chairmanship of Shri R.K. Pandey, Member (Project) was held at 15:00 hours on 07.02.2020 in the NHAI HQ for appraisal of following five packages of the Project.

Package	Name of project: Development of 6 lane NH-344M (Urban Extension Road-II) from NH 1(old) intersection at km 23 of NH 1 till sector 24 Dwarka in the state of Delhi including two 4 lane spur roads NH -344P(Spur to Sonipat bypass) and NH -344N(Spur to Bahadurgarh) in the state of Delhi and Haryana
1	Development of 6 lane NH-344M from Village Bakoli at NH 1, (Km - 0+700) to Karala-Kanjhawala Road, (Km 15+000) in State of Delhi
2	Development of 6 lane NH-344M from Karala-Kanjhawala Road, (Km 15+000) to Nangloi Najafgarh Road, (Km 28+450) in the State of Delhi.
3	Development of 6 lane NH-344M from Karala-Kanjhawala Road, (Km 15+000) to Nangloi Najafgarh Road, (Km 28+450) in the State of Delhi.
4	Development of 4 lane NH-344P (from Km 0+000 to 29+600, 29.6 kms), starting from Bawana Industrial Area at NH-344M, Delhi (at Km 7+750) till Sonipat bypass of NH-352A at Village Barwasani, Sonipat in Haryana as spur.
5	Development of 4 lane NH-344N (from Km 0+000 to 7+269, 7.3km), starting from, NH 344 M, Delhi (at Km 26+135) till Bahadurgarh bypass of NH-10 near Bahadurgarh in Haryana as spur

The list of participants is enclosed at **Annexure-I**.

2. At the outset, CGM (Tech) Delhi welcomed the participants and thereafter Project Director, PIU Dwarka make a detailed presentation on the project. The PATSC was apprised the following:
 - (i) Delhi being National Capital generates and attracts huge quantum of traffic not only from within Delhi but also from surrounding region. In order to cater to this regional traffic, Inner and Outer ring roads were planned in 1962, of which only inner ring road could be completed whereas outer ring road is still not a full ring. In order to decongest Delhi, Delhi Development Authority (DDA) as part of the Delhi Master Plan 2021 proposed Urban Extension Roads-II (UER-II) as 3rd ring road of Delhi connecting all the major National Highways in the western side of Delhi i.e. NH-1, NH-10, NH-8 and NH-2.
 - (ii) DDA started land acquisition in year 2004-05 and was successful in obtaining the majority of land. However, due to hindrances in terms of litigations concerning land acquisition and removal of built-ups from the acquired land, the DDA failed to execute the project of construction & development of UER-II.
 - (iii) Thereafter, during the meeting held under the Chairmanship of Hon'ble Minister of Road, Transport & Highways on 01.06.2017, a decision was taken

to develop the UER-II as National Highway and to be constructed, developed & maintained through National Highways Authority of India. The same was agreed subject to the condition that DDA/Delhi Govt. shall provide encumbrance free land to NHAI for development of the project. Further, it was discussed during the meeting held under Chairmanship of Hon'ble Minister (RT&H) dated 20.06.2019 that UER-II is an expensive project in urban area with Capital cost of about Rs. 6500/- crore and tolling alone would not be sufficient to make the project financially viable. Therefore, funds need to be arranged for construction of UER-II. It was discussed and agreed that as a resource support for arrangement of funds for construction, DDA will provide land parcels to NHAI free of cost for monetization.

- (iv) UER-II (From NH-1 till its junction at Bhartal Chowk with NH 248 BB) is now proposed to be implemented by NHAI under Bharatmala Pariyojana and was declared as National Highway 344 M vide Gazette Notification no. S.O. 1466(E) dated 03.04.2018. This acquired land shall be handed over by DDA to NHAI and additional land for this project shall be acquired by NHAI as per NH Act 1956. Delhi Ring Road is included in the list of ring road in Bharatmala.
- (v) The project, Development of 6-lane Urban Extension Road-IINH-344M shall act as an additional western ring road in Delhi thereby decongesting NH-1 section between Mukarba Chowk. The project shall have great impact in Delhi Decongestion as it will provide an alternative route for the traffic generating from West/ South Delhi/ IGI Airport/Gurgaon and destined towards NH 1, Chandigarh, Punjab and J&K thereby bypassing inner/outer ring road/ Dhaula Kuan/Mukaraba Chowk.
- (vi) The improved carriageway will provide smooth, safe and uninterrupted traffic movement in this stretch thereby reducing the travel time and savings in terms of time, fuel and maintenance cost of vehicles. The project is expected to save vehicle operating cost as well as time cost. Improvement of infrastructure shall boost socio-economic growth in the region.
- (vii) UER-II will take off near Village Bankoli on NH-1 in Delhi and connects NH-8 near Shiv Murti passing through Rohini, Mundka, Najafgarh and Dwarka. The alignment of NH-344M has been designed by utilizing the already acquired land by DDA with minimum disturbance to the structures. The realignment has been done at few locations, where DDA could not clear its proposed RoW. The proposed realignments were discussed & concurred at the level of Hon'ble L.G. Delhi.

3. The PATSC was apprised about proposed features of each of the five packages. Details of project features are as under:

5. The detail of deliberations for the subject proposals is as under:

- (i) On the proposed cross section of main carriageway of NH-344M, Member (P) mentioned that the shyness of 0.5m may be added in left hand side of the carriageway as per latest IRC:SP 87:2018.
- (ii) Member (P) enquired about the lighting arrangements. It was informed that being an urban project suitable lighting arrangement has been provisioned in Schedule-C. Member (P) enquired about the design of proposed flexible pavement in the main carriageway. It was informed that as per Schedule-B the flexible pavement is to be designed for 75 MSA.
- (iii) Member (P) mentioned that being an urban project, once the road is put to use maintenance will be a challenge due to heavy traffic. Moreover, due to its importance of in Delhi decongestion, it may not be possible to close the traffic for maintenance in future. Therefore, it is advisable to rather go for perpetual pavement which will obviate the requirement of any subsequent strengthening. CGM (T) mentioned that he will get the design/schedule/cost modified accordingly (except package-IV, which is proposed as rigid pavement being along Western Yamuna Canal).
- (iv) Member (P) enquired about the proposed user fee collection methodology. It was submitted that being an urban project and with the present rate of rapid Fastag adoption, the user fee collection has been proposed to be collected through ETC only without any barrier. Besides, user fee is proposed to be collected from the user only for the distance actually travelled by user on MCW on the philosophy of 'pay as per use' by capturing the details of vehicle where it enters MCW and where it exits the same. As the access to the main carriageway shall only be at designated location through service/slip road with properly designed entry exit arrangement, therefore, it is going to be an access controlled road. Besides, as the full length of the NH-344M falls within the municipal limits of Delhi, discounts to local traffic (as per existing NH Fee Rules) shall not be applicable and suitable exemption in this regard shall be obtained from Ministry. Further, similar user fee collection methodology was also proposed for Dwarka Expressway and a ITS consultant has been engaged to prepare a report for user fee collection methodology along-with the proposed technology/systems for implement multilane free flow (MLFF) user fee collection system without any physical barrier and the need to stop/slow down for payment of user fee.
- (v) Member (P) mentioned that when we are proposing toll collection through ETC means, whether fee plazas have also been proposed. It was submitted that one fee plaza has been proposed in Pkg-2 at km. 22+650 of NH-344M within Delhi and one fee plaza at km 9.500 of NH-344P in Package-4 (spur to Sonipat) in Haryana which is about 2 km away from Delhi NCT boundary. As the NH-344M is completely within Delhi municipal limit, no other location of this plaza in Pkg-2 in Delhi is not possible which is beyond 10 km from Municipal Limit. Similarly, the fee plaza proposed on NH-344P in Package-4 (spur to Sonipat) in Haryana the plaza, there could be no other suitable location for establishing the plaza other than the

proposed location which is more than 10 km of Delhi municipal limits. Member (P) mentioned that the plaza in Package-4(before entry of Delhi) may be required for enforcement of rules/regulations/checking but in view of proposed ETC fee collection (if the ITS consultant ongoing MLFF study is conclusive), plaza in Package-2 Delhi may not be eventually required and accordingly, provision in Schedule-H shall be independent, so as to do negative CoS (if required).

- (vi) Member (P) enquired Tech. Advisor whether the project has been seen by him. Tech. Advisor mentioned that the then Chairman has desired him to examine the project mainly w.r.t. to the cost optimisation and for Malaysian bridge technology. He has broadly examined the structure proposed by DPR consultant and found in order. Project Director mentioned that rounds of discussions were held with Tech. Advisor and his observations have been complied, which led to an optimisation of cost of about Rs. 150 crore. This optimised cost has been considered in PATSC.
- (vii) It was presented that the Project generates an IRR of 0.48 % in 15 years project operation and to achieve IRR of 6.8% around Rs. 3930 crore of additional funding (over and above toll revenues) shall be required. Whereas, for a project operation of 20 years, the IRR is 4.93% and to achieve 6.8%, Rs. 1735 crore additional support is required (over and above toll revenues). However, if project operation is considered of 30 years, the project is able to generate an IRR of 9.06% without any additional funding. Besides, in this particular project, as a resource support to make the project financially viable, DDA has offered 360 acres of land (200 acre in Holambi Kalan and 168 acres in Mubarakpur Dabas). A transaction consultant (M/s Knight Frank) has already been engaged by NHAI to get assessed the likely monetizable potential and the work out the strategy for monetising these land parcels. The basic preliminary study carried out so far by the consultant indicates that on a conservative side, these land parcels have a potential of around Rs. 10000 crore monetizable potential spread over time, which in terms of even NPV is about Rs. 6,500 crores. These figures would be further fine tuned during the course of further detailed study/report by the consultant.
- (viii) CGM (F) mentioned that there have been huge requirement of fund for undertaking the ongoing/future NHAI projects. Considering this project could be one of the pilot project wherein we may get a bank on board to finance this project and the land parcels offered by DDA can be a type of security/mortgage to the bank for their comfort. CGM (F) further mentioned that he will look into the financial analysis carried out and may like to develop a model of it for discussion on these lines with the bank.
- (ix) It was also brought out that 50% of additional LA cost for main Ring Road is to be shared by DDA. The Matter is being pursued with DDA.

4. The PATSC was also apprised about the status of pre-construction activities, which is as below:

Compliance of observations of Chief General Manager (Finance):

S. No.	Points	Justification
1	This is not a part of Bharatmala Pariyojana.	Please refer to the MoRT&H OM dated 30.11.2018, wherein, UER-II has been classified as high priority, National Corridor, at sr. no. 19 under Bharatmala Pariyojana.
2	The status of approval of proposed re-alignment due to land acquisition issues.	The proposed re-alignment/by-pass has been approved during the meeting held under Chairmanship of Hon'ble Minister (RTH & MSME) on 11.12.2017. Also the alignment has been approved by Competent Authority on 31.07.2018. Further, the land plans have been approved by LA Committee on 02.12.2019.
3	Commitment for sharing of land cost by the State Govt.	Please refer to the MoM held under Chairmanship of Hon'ble (RT&H) on 11.12.2017, wherein, both NHAI & DDA Officials were present. It was discussed & agreed that the cost of additional land for UER-II would be shared equality between the NHAI & DDA.
4	Cost aspect of the technology/system to ensure "pay as per work" tolling.	The same technology is proposed to be implemented in Dwarka Expressway for which M/s Nippon Koei has been appointed as consultant. As such, the cost of such system may not be exorbitantly high.
5	The status of the proposed land parcel w.r.t. its possession by NHAI.	VC DDA vide DO dated 16.12.2019 & 23.12.2019 has offered 360 acre of land (200 acre in Holambi Kalan and 160 acre in Mubarakpur Dabas). The possession of land is presently DDA and further action i.r.o handing/taking of land may be taken after formulation/approval of policy for carrying out such transactions.
6.	Detail Finance plan incorporations the land cost sharing, monetization of land parcels and source of handing	The basic preliminary plan prepared by Transaction Consultant by M/s Knight Frank India Pvt. Ltd. is enclosed for kind reference. The financial plans are subject to change based on the ongoing detailed market study.
7.	As per para VII of minutes the project is not financially viable, without financially viable it cannot be bankable as well as. Hence, efforts need to be made for optimal monetization of land parcels in a given time line and receipts toward land cost by State Govt. The detailed financial plan may be attached with minutes which was not present in the meeting.	As advised by the committee, the pavement has been replaced from flexible pavement to perpetual pavement having life of around 50 years. Further as mentioned in para (viii), for design life of 30 years, the project is able to generate IRR of 9.06%, therefore, the project is viable without any additional funding. Further, the land offered by DDA shall be monetized as per final report submitted by transaction consultant M/s Knight Frank based after complete market study. Also Member (Fin.) vide DO dated 05.02.2020 has requested VC, DDA to transfer Rs 350 crore as share of DDA towards the additional land acquisition by NHAI.

Project Name Development of Urban Extension Road-II (UER-II) NH-344M from Design Km 0+000 at NH-1 Intersection (Km 23+800, near Bankoli village) to Design Km 38+111 near Sector 24, Dwarka in the state of NCT of Delhi under Bharatmala Pariyojana: Deemed Forest to be diverted (District North, West and South West)
Forest Proposal No. FP/DL/ROAD/49252/2020

Justification for locating the Project in Forest Area

I/We, National Highways Authority of India, PIU, Dwarka for Development of Urban Extension Road-II (UER-II) NH-344M from Design Km 0+000 at NH-1 Intersection (Km 23+800, near Bankoli village) to Design Km 38+111 near Sector 24, Dwarka in the state of NCT of Delhi under Bharatmala Pariyojana (Package-I, II & III) under Delhi West Forest Division.

To address this issue & further decongest Delhi, Delhi Development Authority (DDA) as part of the Delhi Master Plan (2021) proposed Urban Extension Road (UER) - 2 as 3rd ring road of Delhi connecting all the major National Highways in the western side of Delhi including NH-1, NH-10, NH-8 and NH-2. The RoW for UER was decided as 100 m.

The alignment of UER 2 takes off from NH 1 (Ch. 23+800) near village Bankoli and terminates near the junction of Sector 24 in Dwarka. The present alignment is proposed to connect NH 1 with NH 8 passing through Bawana Industrial Area, Rohini Sector 34, 35, 36, 37, Mundka Industrial Area, Najafgarh & Dwarka. The proposed alignment crosses Delhi-Karnal Railway Line, NH 10 and Delhi-Rohtak Railway Line and merges with the contract package of UER 2 taken up with Dwarka Expressway at Sector 24 which further connects it with Shiv Murti at NH 8. Dwarka expressway meets UER 2 at Sector 21 Junction Dwarka and connects UER 2 with State of Haryana till NH-8 at Km 40.070 near SPR Junction approx. 2 km before the Kherki Daula toll plaza. The total length of UER 2 is 46.500 Km, out of which 38.111 Km is taken up as part of this project and a part alignment is being taken up with alignment of Dwarka expressway. The alignment of NH-344M is passing from the land of UER-II already acquired by DDA to minimise the land acquisition cost. Since, the maximum land was already acquired by DDA, the alignment of NH-344M has been kept in such a way to avoid the land acquisition upto maximum extent.

We are implementing this project with an object to improve the transportation services, economic development, and agricultural facilities and facilitate better connectivity in the region. We have finalized the proposed alignment taking into the consideration the used (diversion) of minimum forest land and to safeguard the regional ecology.

Construction and Development of Dwarka Expressway (NH- JBB) from Km 20, NH-8 (near Shiv Murti, Delhi) to Km 40, NH-8 (near Village Khirki Dola, Gurugram) in the NCT of Delhi:- Package-1- Shiv Murti to Delhi/Haryana Border (Km 0.000 to Km 5.300).

GEOREFERENCED (DIGITAL) MAP OF COMPENSATORY PLANTATION

ANALYSIS OF ALTERNATIVES

1. SELECTION OF ALTERNATIVE

The alternative alignments for UER-2 (NH-344M) is considered as below:

Table 0-1: Options Analysed for Alignment

UER-2 (NH-344M)	
Option 1	Starts from Nangloi Najafgarh road and continue along the Mangeshpur drain till the drain merges with Najafgarh drain, thereafter the alignment will continue along Najafgarh drain till merging with existing alignment near Goyla village. The length of this section works out to be 7.5 kms (approx.)
Option 2	(Proposed option) Start from Aman Vihar Colony and cross the existing Dwarka Water treatment plant and Sewerage treatment plant before merging with existing alignment at Roshanpura. The length of this re-alignment is 2.5 kms. (approx.)

Selection of alternative for UER-2 (NH-344M)

Both options were deliberated and it was decided that Option 2 will be adopted as the preferred option. Option 2 was selected over Option 1 due to two reasons. Firstly, because the alignment in Option 1 was lengthier when compared to Option 2 and secondly Option 1 will be passing through densely populated settlements along the drains.

The length of Option 1 works out to be 7.5 kms and the length of Option 2 works out to be 2.5 kms. Both the sections are proposed to be developed on elevated structure. The length of elevated structure as well as route length is less in Option 2. The impact to settlements will also be least in Option 2.

Therefore, based on the comparison of lesser cost of construction and lesser interference with existing settlements, it has been proposed that Option 2 will be adopted for the section between Aman Vihar and Roshanpura.

Figure 3-1 presents Proposed Re-Alignment – Aman Vihar to Roshanpura

Figure No. 3-1: Alternative alignment for UER-2 (NH-344M)

2. CONCLUSION

Based on the above studies given in this chapter, we conclude the alternative options studies with following observations:

Option-2 for UER-2 (NH-344M) seems more feasible as the length is less as compare to other option. Also it provides better alternative from NH-1 Intersection to Sector-24 Dwarka. Considering impacts of all options upon environmental and social components, **Option-2 for UER-2 (NH-344M)** have been found most feasible, hence have been selected.
