1.0 INTRODUCTION:-

The proposed 2X660 MW Coal fired Thermal Power Plant is being set up by Welspun Uttar Pradesh Limited. This power plant will be including the super critical Boilers, Steam turbine Generators, Coal & Ash handling system, compressed air system air conditioning and ventilation system, fire protection system etc. The proposed Power plant is located at Dadri khurd Village, Mirzapur District, in the state of Uttar Pradesh. The geographical location of the proposed site is between 24°58'51.2"N to 25°00'5.43"N latitude and 82°39'34.1"E to 82°40'52.71"E longitude. The location is situated in Geographical Seismic "ZONE III" [as per IS 1893-2002]. The annual mean minimum temperature and the annual mean maximum temperature varies from 4.8 Deg C to 45 Deg C.

As a part of the aforesaid project Welspun Energy Limited decided to undertake Survey & preparation of detailed project report for Intake water scheme of the proposed power plant area.

2.0 SCOPE OF WORK

Carrying out the detail Topographical survey of complete pipeline from Ganges to the upper Khajuri Dam and to the Plant reservoir, various crossings like Railway crossing, Road crossings including National Highway, State Highway, Water ways etc.

Demographic survey of the area, arranging the Khasra map and plotting the same on the survey drawing. Survey will also show the land use pattern. Demarcation of Govt. Private & Forest land with Khasra identification. Area of each Khasra over which the pipeline is routed.

Identifying the statutory clearances required including related environmental issues.

Survey of transmission line route with possible three routes alignments with all hindrances, crossing of Railway, Highway, Forest Land & Forest Marked Land.

3.0 TOPOGRAPHICAL SURVEY & ACTIVITY ON MOUZA MAP

We have completed the detailed topographical survey for identifying the water pipeline route. We have collected Khasra maps from relevant revenue office and from village Patwari. We have digitized those collected Khasra maps in Autocad format and superimposed on topographical survey drawing. Prepared detailed drawing of proposed pipeline. Prepared Land records in terms of Private, Govt. & Forest Land in Excel format.
