

OFFICE OF THE EXECUTIVE ENGINEER JAL SHAKTI PHE DIVISION KATHUA

BRIEF PROJECT REPORT

Name of the Project: Improvement and augmentation of WSS Sar Sabal

Location: - Sar Sabal are Mohars of village Ramkot situated in the administrative jurisdiction of Tehsil Billawar jurisdiction of the Billawar, District Kathua. It is about 10 Kms away from Dhar – Udampur Road..

Number of trees to be filled from the village wood lot: - Nil

History and Necessity: - At present very small area of village Ramkot is getting potable water and remaining Mohras of the village are without water supply. Some of the Mohras are about 10 to 12 kms away from the Ramkot Town. There is no road connectivity to this area. It is totally a Kandi belt. People have to go kilometers and kilometers to get the water from the springs which get dry during summer days and residents of the area have to suffer.

Taking all these things into consideration and on the persistent demand of locals through Hon'ble Dy Chief minister and MLA Billawar Constituency, the scheme has been framed to cover the left out Mohras (having NC/AC status)

Population benefitted: - Approximately 2111 Souls of Village Sar Sabal will be benefitted after the completion of Construction of Pump Room Building and 10000 Glns Sump Tank at Village Sar Sabal under WSS Sar Sabal (NABARD).

Proposal: - It has been proposed to construct a Dug well. It has been proposed to construct a Pump Room Building and 10000 Glns Sump Tank at Sar Sabal.

Estimated Cost: - The cost of project works out to the tune of Rs 395.10 Lacs as per works rate of schedule 2012.
