Office of the Sub-Divisional Magistrate
Longtharai Valley, Chailengta.

No.F.2(71)/SDM/LTV/REV/Vol-II/2021/ 2645

Dated 20/8/.....2021

JUSTIFICATION FOR REQUIREMENT OF ADDL. LAND.

This is to certify that addl. 10.00 ha. of land is required for settlement of bru migrants at bongopha para under Longtharai Valley Sub-Division. Justification for requirement of Addl. Land are given below :-

1. Total 300 bru migrants are to be settled in the proposed location situated at Bongopha para under Longtharai Valley Sub-Division.
2. Accordingly a proposal for diversion of forest land for 10.00 ha. bearing Plot No. 304/P and plot no. 400/P for settlement of bru migrants was sent and duly approved by the Forest Department. In addition 5.00 ha. of forest land diversion proposal also sent for the said purpose bearing 304/P and plot no. 400/P.
3. But during preparation of site for construction of dwelling houses etc. for Bru migrants families it is seems that there is no sufficient land (residential purpose) available in the locations/sites for which 10.00 ha. forest land diversion had been obtained earlier from the Forest Department in connection with settlement of bru migrants at Bongafa Para under Longtharai Valley Sub-Division and 5.00 ha. of land as well.
4. A vast quantum of the said land has become unusable for residential site due to undulating of the locations diverted earlier for the purpose mentioned above.
5. Now, further addl. land measuring 10.00 ha. over the Plot No. 400/P of mouja MCRF is required. As there is sufficient land available over the Plot No. 400.
6. The land has been selected due to the proximity of the land (proposed) to the earlier diverted site no additional road connectivity is required.
7. There is no such quantum of suitable non forest land available adjacent to the earlier diverted land. So proposal for diversion of addl. Forest Land is necessary.
