

**Check List No. 2d**

A comprehensive land use plan of the area required should be attached if land is required for more than one purpose the building plan and estimate should invariably be attached if the area is required for construction purpose.

**The Land shall be used for one purpose i.e. laying of Natural Gas Pipeline.  
Hence comprehensive land use plan not required.**

## Check List No. 2e i

## Annexure-10

Map of the alternative alignments or route map examined by Dy. CF / Project Authority to be enclosed.

Route map showing alternate is enclosed with this annexure. The summary of forest area is as below:

Alternate	Length (Km)	Forest Area (Ha.)	Remark
1	698.208	20.2554	Out of the total forest land 18.0082 Ha. of land shall be re-diversion and fresh forest land required for the proposal shall be requested for 2.2472 Ha. Forest Area proposed in <b>Thane Forest Division is 1.2728 Ha.</b>
2	673.901	32.4373	Entire forest land required in this alternate route shall be fresh forest land.
3	676.961	40.6180	Entire forest land required in this alternate route shall be fresh forest land.

Alternate-1 is selected as, out of 20.2554 Ha Forest land required for the project 18.0082 Ha Forest land is already diverted for different projects. Hence fresh diversion is only 2.2472 Ha (i.e. diversion proposal - FP/MH/Pipeline/140171/2021 in Shahapur Forest Division which is applied separately) which as compared to other alternates is less forest area required for diversion.

## Certificate No. 4, Annexure-16

Attempts made to find out Non forest land for the proposal / reasons for its rejection of the same and minimum demand of forest area

Three alternate routes were studied and the comparison is as below. The Route map showing alternate routes is enclosed with Annexure-10.

Alternate	Length (Km)	Forest Area (Ha.)	Remark
1	698.208	20.2554	Out of the total forest land 18.0082 Ha. of land shall be re-diversion and fresh forest land required for the proposal shall be requested for 2.2472 Ha. Forest Area proposed in <b>Thane Forest Division is 1.2728 Ha.</b>
2	673.901	32.4373	Entire forest land required in this alternate route shall be fresh forest land.
3	676.961	40.6180	Entire forest land required in this alternate route shall be fresh forest land.

Alternate-1 is selected as, out of 20.2554 Ha Forest land required for the project 18.0082 Ha Forest land is already diverted for different projects. Hence fresh diversion is only 2.2472 Ha (i.e. diversion proposal - FP/MH/Pipeline/140171/2021 in Shahapur Forest Division which is applied separately) which as compared to other alternates is less forest area required for diversion.

Check List No. 28

Certificate No. 19, Annexure-17

Unqualified commitment from the project authority to bear cost of exploitation of felling of trees and their allied works under project.

We, GAIL (India) Limited give our unqualified Commitment to bear the cost of exploitation of felling of trees and their allied works, if any in lieu of laying of 24" dia. Mumbai – Nagpur Natural Gas Pipeline and its OFC. However, this is a re-diversion proposal and tree felling shall not be involved in the project.

For, GAIL (India) Limited

(Nikhil B Kharwandikar)  
DGM (Const.)

Nagpur, Date: निखिल बी. खरवंडीकर/Nikhil B. Kharwandikar  
उप-महाप्रबंधक निर्माण/DGM Construction  
गेल (इंडिया) लिमिटेड/GAIL (India) Ltd  
नागपुर महाराष्ट्र/Nagpur Maharashtra

Certificate by project authority for the cost of Compensatory Afforestation.

We, GAIL (India) Limited certify that GAIL (India) Limited shall bear the cost of Compensatory afforestation in lieu of the Re-diversion project if applicable.

As per MoEF (FC Division) guideline F. No. 8-66/2009-FC-pt, dated 30/09/2011, Clause-(g) *"Cost to raise compensatory afforestation shall however be recovered from the secondary user agency if the same in respect of the forest land proposed for re-diversion has not already been recovered from the primary user agency"*

There are two diversion proposals of primary user agencies involved in this Re-diversion proposal:

1. Proposal No. FP/MH/OTHERS/1145/2004 & RO/Ministry File No. 6-MHC008/2004-BHO – of GAIL (India) Limited for Natural Gas Pipeline from Dahej-Hazira-Uran.

For the above proposal Stage-II has been granted and it is mentioned that Compensatory afforestation (CA) shall be taken up by forest department at the cost of project authority and it is also confirmed that all the funds received from the user agency.

Hence, it is concluded that the cost to raise CA is already recovered from the primary user agency.

2. Proposal No. FP/MH/ROAD/34047/2018 & RO/Ministry File No. FC-III-MH-35-2018-NGP – of Maharashtra State Road Development Corporation Limited, Bandra (W), Mumbai.

For the above proposal Stage-I has been granted and it is mentioned in the Stage-I that the Compensatory Afforestation shall be raised and maintained by the State Forest Department at the cost of the User Agency.

Hence, it is concluded that the cost to raise the CA shall paid by the primary user agency.

As per above it is concluded that as the Cost of Compensatory Afforestation has already been recovered from the primary user agency, hence as per guidelines it not required from the Secondary user agency i.e. GAIL (India) Limited for proposed Mumbai – Nagpur Pipeline Project.
