Ph./ Fax No.:- 01997-244160

**Divisional Forest Officer
Bhaderwah Forest Division
Bhaderwah.**

No.:- 1114

Dated:- 27-07-2021.

Subject:- Diversion of 2.94ha of Forest land for the construction of Road from Dhamunda Morh to Jai via Manthla Kakol, District Doda U T of Jammu & Kashmir.
File no:- 9-JKB-062/2021-Jammu
Proposal no:- FP/JK/ROAD/46928/2020

Sir,

Regarding the subject cited above it is submitted that the alternative Proposals were examined by the Technical team of this Department and after site inspection along with Forest Department it has been observed that the alignment as proposed in the Project is technically as well as environmentally feasible, having less number of trees coming under the alignment of the said project as compared with other alternatives.

It is further submitted that if another route/alignment is considered the more trees will come under the alignment as upper side there is dense forest.

Moreover earlier the proposal was submitted to the higher authorities and the land measuring 3.735ha with (214 trees+52 poles+188 saplings) was coming for a formation width of 6.0 mtrs in the forest land and the same was returned back by the state government with the direction to reduce the formation width from 6.0 mtrs to 4.0 mtrs in the forest land.

Accordingly the proposal was submitted with 4 mtrs. Formation width of the road and the area has been reduced to 2.94 Ha which is barest minimum with (164 trees + 133 Poles / Saplings).

Yours Faithfully,

Asstt. Executive Engineer
Bhaderwah Sub- Division
Bhaderwah

Executive Engineer
PWD (R&B) BC Road Division
Bhaderwah
