Justification letter for acquisition of 45m ROW

As per the codal guidelines of "Ministry of Road Transport and Highways & Indian Road Congress", the width of land to an extent of 120m at Junction offtake point and 60m in the remaining reaches has to be acquired as per IRC requirement. In the present scenario, the land to an extent of 110m at offtake point and 45m in the remaining reach has been proposed for land diversion. 110m width is enough for providing bell mouth entry / exit and 45m in the remaining reaches is sufficient for construction of project road on the new realignment.

Kumal. G
Executive Engineer,
National Highway Division,
Kalaburagi.
