Date 27th December, 2010

TECHNICAL NOTE

1.	Name of work	:	Private land acquisition, building compensation, forest land transfer, payment of NPV, compensatory afforestation etc from km 75.00 to km 101.00 on NH-123 in the State of Uttarakhand under Special Projects.	
2.	State & Division	:	Uttarakhand & Barkot	
3.	NH No.	:	123	
4.	Estimated Cost (Rs. in lakh)	:	As proposed by State PWD	As modified in this Ministry
			1250.24	1250.24
5.	Length (km)	:	26.0	26.0
6.	Cost/km (Rs. in lakh)	:	48.09	48.09
7.	Reference	:	Letter no. 1930/57NH(N-2)/2010 dated 01.11.2010 & 2092/57NH(Niyojan-2)/2010 dated 27.11.2010 from CE(NH) level-I, PWD Dehradun, Uttarakhand.	

COMMENTS

1. Scope of work: Land acquisition for widening to two lane from km. 75.00 to km 101.00 of NH-123 in the State of Uttarakhand.

Estimate Provisions: Following provisions have been allowed for estimate purpose:

No.	Item	Quantity	Rate	Amount in Rs.
1	NAP Land acquisition	51160 sq. m area	Rs.375/m ² to Rs.575/m ²	25181200.00 ✓
2	Forest land area Transfer	339400 sq. m area		
(i)	NPV	33.94 hectare	Rs.929500/hectare	31547230.00 ✓
(ii)	Compensatory afforestation	67.88 hectare (2 X 33.94 hectare)	Rs.67348/hectare	4571582.24 ✓
(iii)	Tree plantation on both side of road	26 km length	Rs.110000/km	2860000.00 ✓
(iv)	Boundary Pillars	1040 nos. (@40nos./km)	Rs.1724/no.	1792960.00 ✓
3	Building Compensation			55665362.27
			Sub-total (A)	121618334 50
	Contingency		@ 2.8 % of (A)	3405313.37
			Total	125023647.87
			Say	Rs.1250.24 lakh

3. From the estimate it is observed that the land acquisition has been made along the existing alignment with possible geometric improvement within ROW of 18m. CE(NH), PWD vide letter no. 2092/57NH(Niyojan-2)/2010 dated 27.11.2010 has mentioned that the horizontal curves has been explored for smoothening as per IRC guidelines except where the shifting of road towards hill side is more than 12m and shifting of road in valley side where the height of retaining wall is more than 30m (in which case the cost will increase). Due to hilly terrain, having one side of high hills and other side with deep valleys, there is very limited scope for going to a new smooth

alignment, having good geometric strictly as per IRC/ MoRT&H guidelines. It is noted that some deficient curves still exist. However, CE(NH) must ensure that, if there is any scope for further geometric improvement within the 18m ROW (after land acquisition), then the same would be submitted at the time of two laning proposal.

4. Rates: The rates applied are as per standard rates of Forest Department for forest acquisition; as per standard rates declared by concerned Tehsildar of State Govt. for NAFIA acquisition; as per standard rates of Department of Horticulture & Food Processing for compensation of fruit bearing trees; as per standard rates of building compensation of State Govt. for building compensation; etc. It is presumed that CE(NH), PWD has himself satisfied for the rates of various items considered in the estimate.

5. Cost of the work: The cost of the estimate works out to Rs.1250.24 lakh including 2.8% Contingency Charges.

6. Targets for the work: Following physical and financial targets be achieved subject to availability of funds:

Year	Cumulative Progress	
	Physical (%)	Financial (Rs. in lakh)
2010-2011	50	625.00
2011-2012	100	1250.24

7. GENERAL OBSERVATIONS:

7.1 The provisions made in the estimate are accepted for estimate purpose only. Any savings (in the provisions in the estimate) during execution of the work shall be credited to the estimate.

7.2 No work beyond the scope of the sanctioned estimate leading to increase in the scope of the work or change in specification should be undertaken without obtaining prior written approval of the Ministry. In this connection this Ministry's letter No. RW/NHIII/COORD/32/84 dated 19.5.84 and NH-11026/2/99-US(D-I) dated 20.10.2001 may be referred.
