To,

The Nodal Officer cum APCCF,  
Chhattisgarh State,  
Aranya Bhavan, Sec-19, North Block,  
Atal Nagar Naya Raipur, Chhattisgarh

**Sub:** Submission of Forest Proposal under Forest (Conservation) Act, 1980 for the diversion of forest land for non- forest purpose for the project "Chhattisgarh, Lot-3 (Urga- Pathalgaon Section) in the state of Chhattisgarh. Total proposed forest area for diversion is 169.0231 ha. (77.3042 ha in Korba Forest Division, 90.9718 ha in Dharamjaigarh Forest Division and 0.7471 ha in Jashpur Forest Division) in the State of Chhattisgarh Reg.

Sir,

The proposed project pertains to Development of Economic Corridor to improve the efficiency of freight movement in India under Bharatmala Pariyojana, Urga Pathalgaon section of NH-1304 (Raipur Dhanbad Economic Corridor) which shall start from Chitapall village at Ch. 8150 of SH-04 and terminates near Turua Ama village, 10km away from Pathalgaon along NH-43 towards Jharkhand border.

2. The proposed project shall affect the local communities positively as it shall enhance and improve the current route between Urga and Pathalgaon which is narrow and zig-zag and thus needs to be straightened and widened to mobilize the heavy traffic.

3. In pursuance of the above, National Highways Authority of India has appointed PIU-Korba as Project Implementation Unit for the proposed development.

4. The total length of the project section is 87.545 km and distributed in Korba, Raigarh and Jashpur Districts of Chhattisgarh State. The project highway under consideration aims at developing Urga Pathalgaon section of NH-130A in the state of Chhattisgarh to four lane access-controlled Highway. Sufficient care has been taken during the design stage to avoid acquisition of forest areas.

5. The forest land total area 169.02331 Ha. as identified during the joint inspection has been included in this proposal for your kind consideration and recommendation for grant for the diversion of Forest land for non- forest purpose. It is pertinent to mention that we are willing to pay compensation for compensatory afforestation and Net Present value (NPV) etc. as per the government regulations.

6. This is a time bound project and has a potential to contribute in the economic well being of local people of the adjoining area. Therefore, we kindly request you to consider the proposal and recommend granting the permission for the diversion of forest land.
