Sub: In-principle approval for proposed viaduct of Regional Rapid Transit System (RRTS) Right of way for Delhi - Meerut RRTS corridor through Yamuna Flood Zone (Zone - 'O').

Ref: NCRTC/DDA/25 dated 08.10.2018.

Sir,

The above proposal was placed before the 6th Technical Committee meeting of DDA held on 18.10.2018 vide item number 28/TC/2018. The Technical Committee approved the proposal in view of the importance and urgency for creation of infrastructure in Delhi.

The decision of the Technical Committee is as under:

"The proposal was presented by officers of NCRTC. After detailed deliberation, the Technical Committee granted in-principle approval for the Right of Way (ROW) of proposed viaduct passing through River Yamuna Flood Zone i.e., Zone- 'O' (as contained in para 3.0 of the agenda) subject to clearances from all statutory authorities mentioned under para 2.4 of the Agenda item.

It was also discussed that the alignment of the viaduct should ensure that the functioning of the sun dial is not obstructed in any manner. In order to ensure the same, adequate distance of the viaduct shall be maintained from sun dial constructed near Barapullah."
