

**HIMACHAL PRADESH
PUBLIC WORKS DEPARTMENT**

No. PW/NHN/WA-I/FCA-Kandaiwala Kharkon/2022-23- 8912

Dated:- 27/08/2022

To

✓ The Divisional Forest Officer,
Forest Division, Nahan,
Distt. Sirmaur H.P.

Subject: - Diversion of 5.828 hectare of forest land in favour of HPPWD for the Construction of link road from Jabbal Ka Bag Kaindiawala Kharkon Km 0/0 to 12/255 within the jurisdiction of Nahan Forest Division Sirmaur, HP.

Reference: - Your office endorsement No. 1312 dated 25.06.2022

Sir,

Please refer to your office endorsement quoted under reference vide which clarification/correction of above mentioned proposal was sought. In this regard, it is to pertinent to mention that the location of Jabbal Ka Bag, Kharkon, Kaindiawala has been depicted in kml. file, Digital Map as well as Topo Sheet along with its geo-reference and status of the forest land is Reserve Forest.

It is further intimated that the proposed road will take off from village Jabbal Ka bag and finally terminates at village Kharkon. The alternative proposal was explored by this department during the visit, which was not found suitable. Two Alternative alignments were explored by the HPPWD authority, but not found feasible. The grade of the alternative alignment is not adequate and cover more length which comes to 13.200 Km. The alternative route will also pass through Reserve forest land and also involved more number of trees as compared to the proposed alignment. The village Kaindiawala Jabbal Ka Bag & village Kharkon are the unconnected habitation and no existing road network is providing road access to above mentioned villages The proposed road alignment to connect these villages, which is being provided by the PWD, is absolutely feasible and also shortest. Construction of this road, the minimum forest land as well as trees will be involved. The route is quite unavoidable. The necessary certificate by the Deputy Commissioner of district Sirmaur has already been issued for non-availability of non-forest land for the proposed road.

Encl:- Case files (in Triplicate) and
Digital Map & Topo-sheets (in quadruplicate)
